Once upon a time, in a place called Hayfield Secondary School, there thrived some 4,000 students and faculty members. To record the year's events, they collected pictures and ideas that told of their lives at Hayfield. Each of these pictures tells a different story.

### Chapter One: A Year of Changes

This school year brought about many new student changes to Hayfield. Each was aware of the many new faces, the more memorable experiences, and, probably the most noticeable—the new colors.

## Chapter Two: The Spirit of the Individual

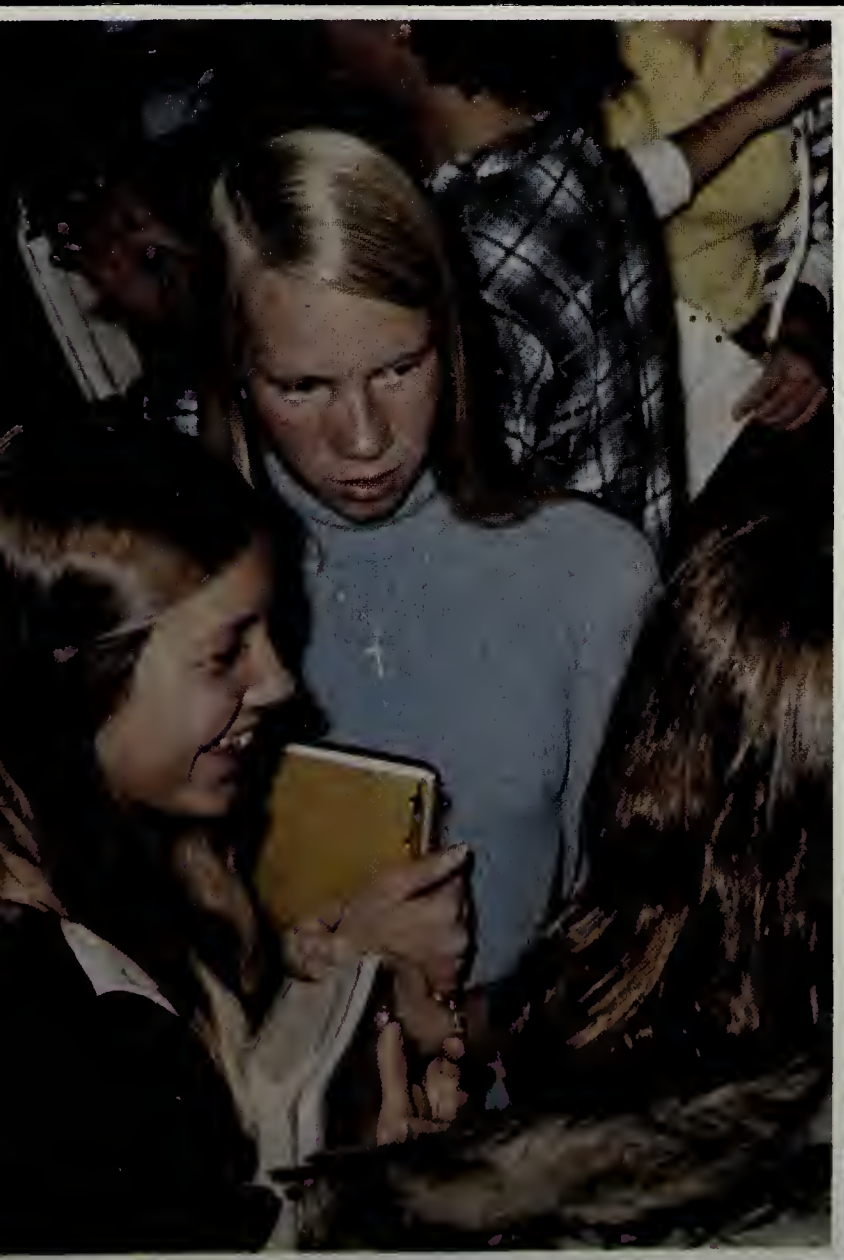

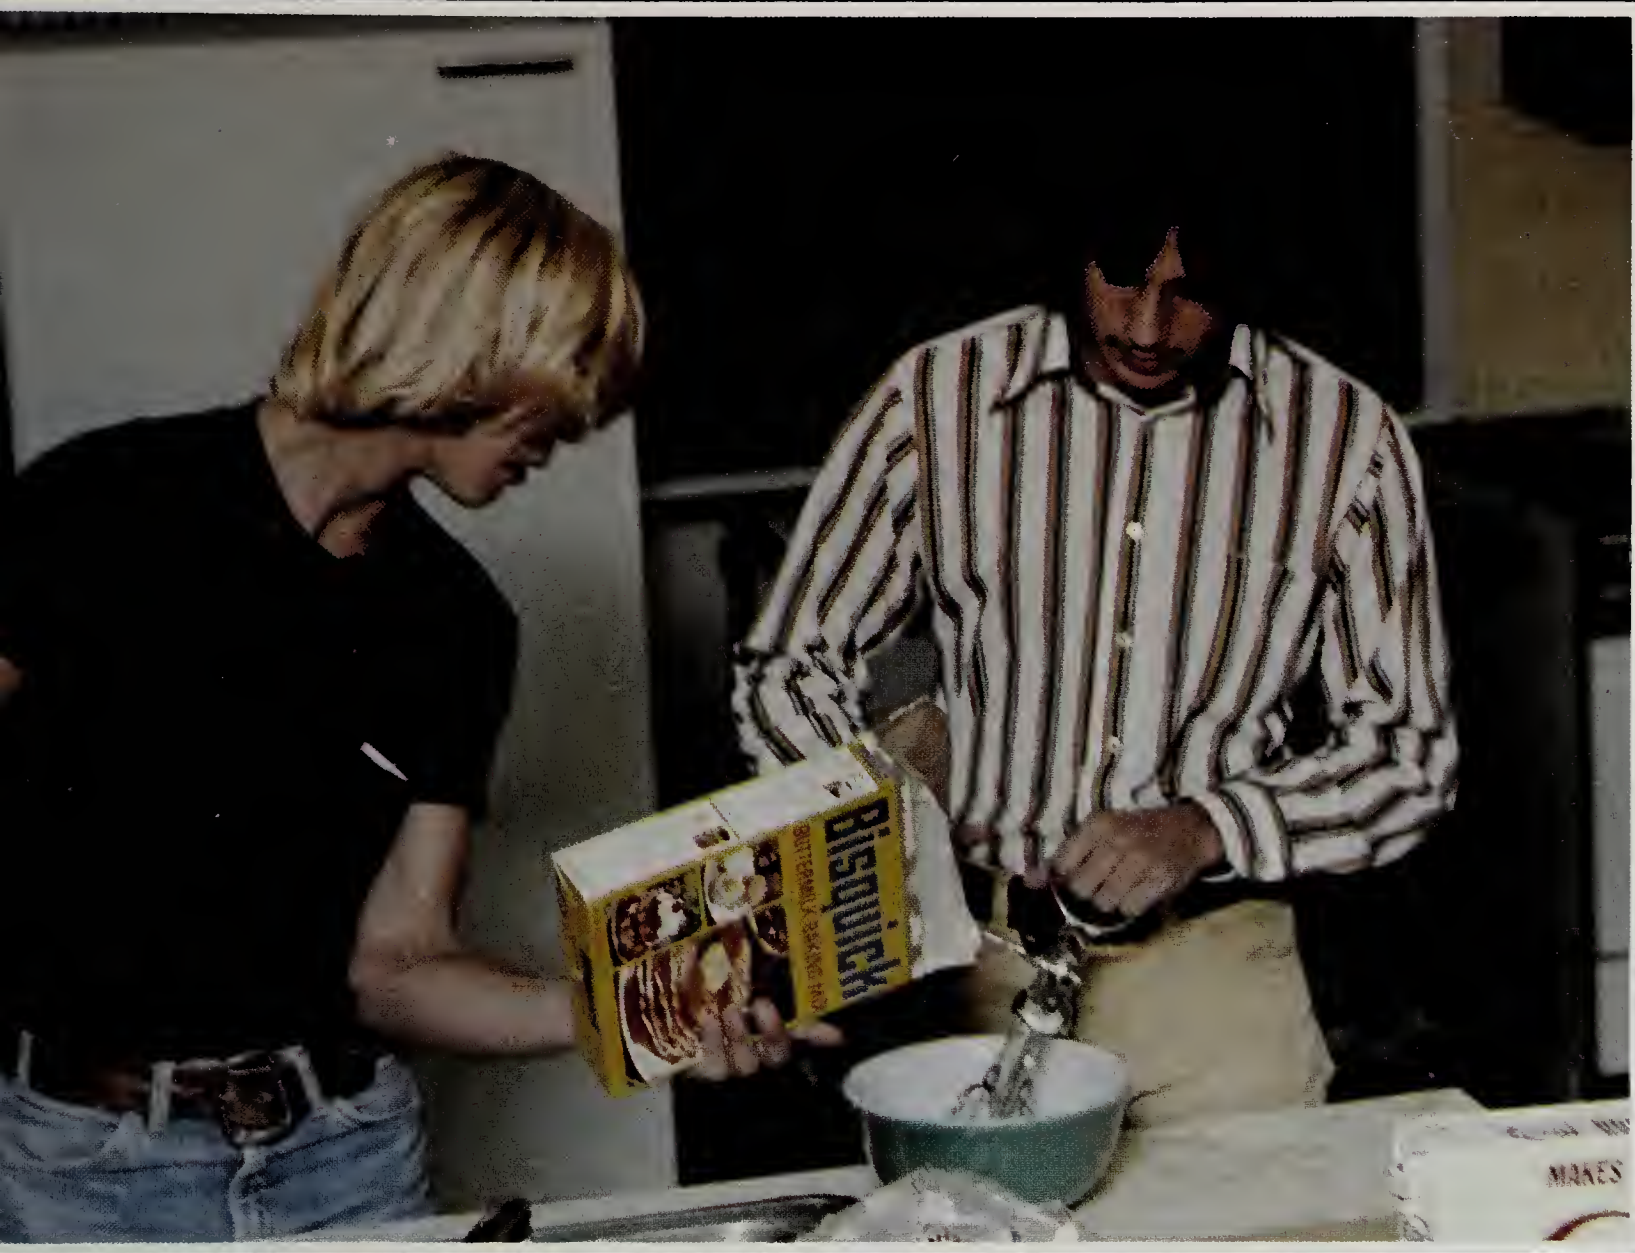

Every student seemed to squeeze time in the day to do what he or she pleased—whether it be hanging around in the hall, taking a nap, or having a tasty treat. To each his own.

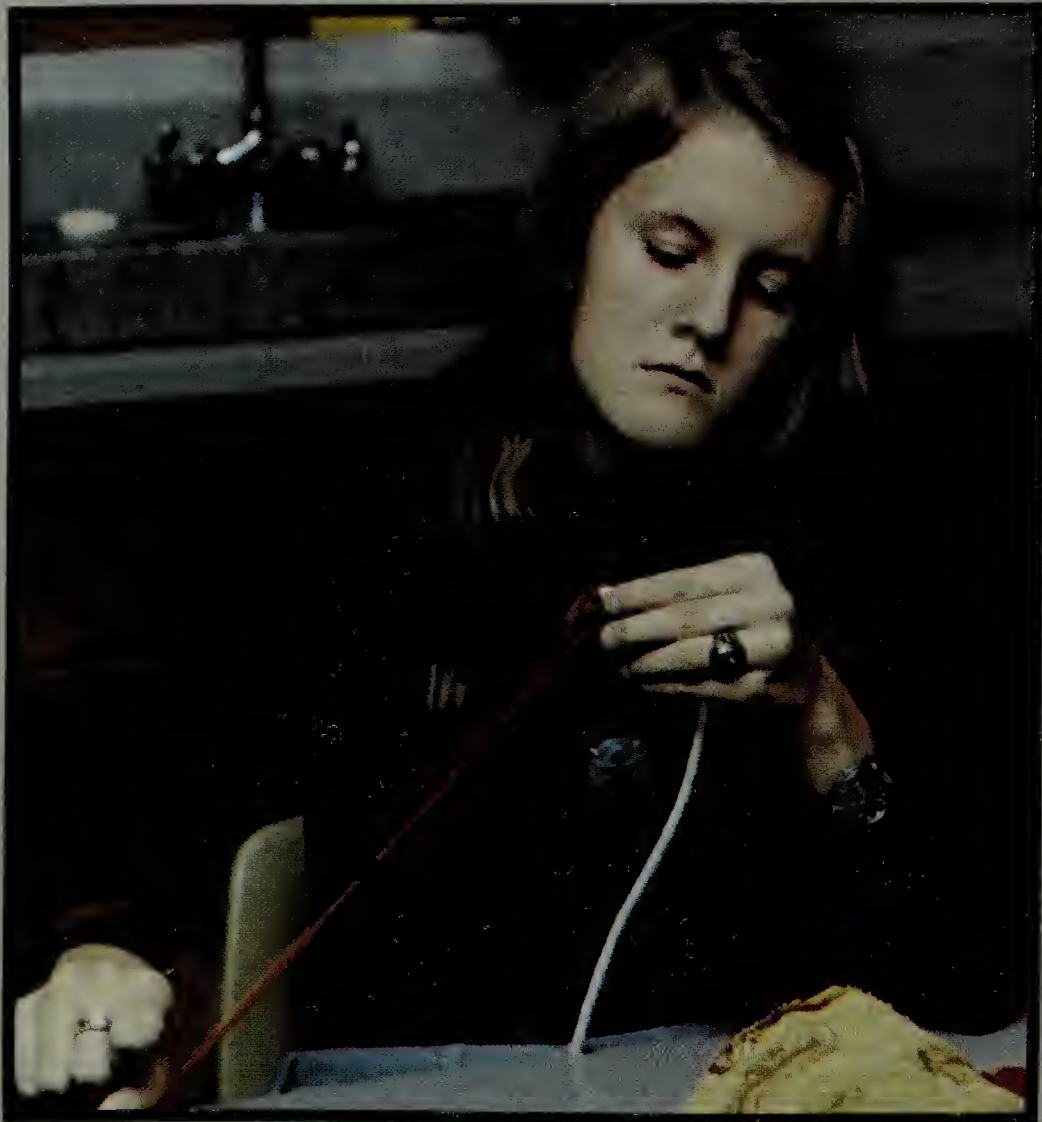

### Chapter Three: Unity vs. Individualism

Even though individuality was respected, each student was united by some unidentifiable force. This brought us together as one.

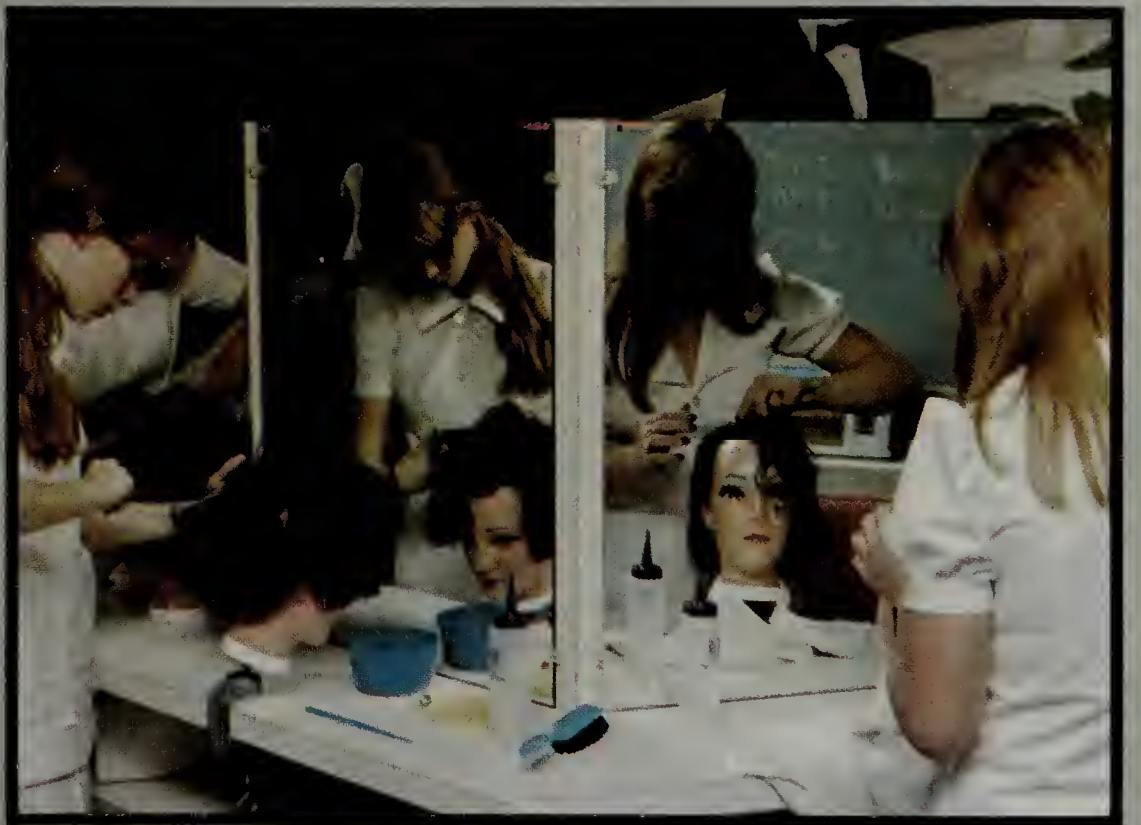

#### Chapter Four: The Essence of Creativity

An important chapter in student life is the one dealing with self-expression. This type of creativity is necessary for everyone. Individual personalities were reflected in expressions of creativity and in choices of activities.

## Chapter 5: The Choice of Activities

Some preferred the athletic or academic. Others chose the mechanical, the musical or the scientific...

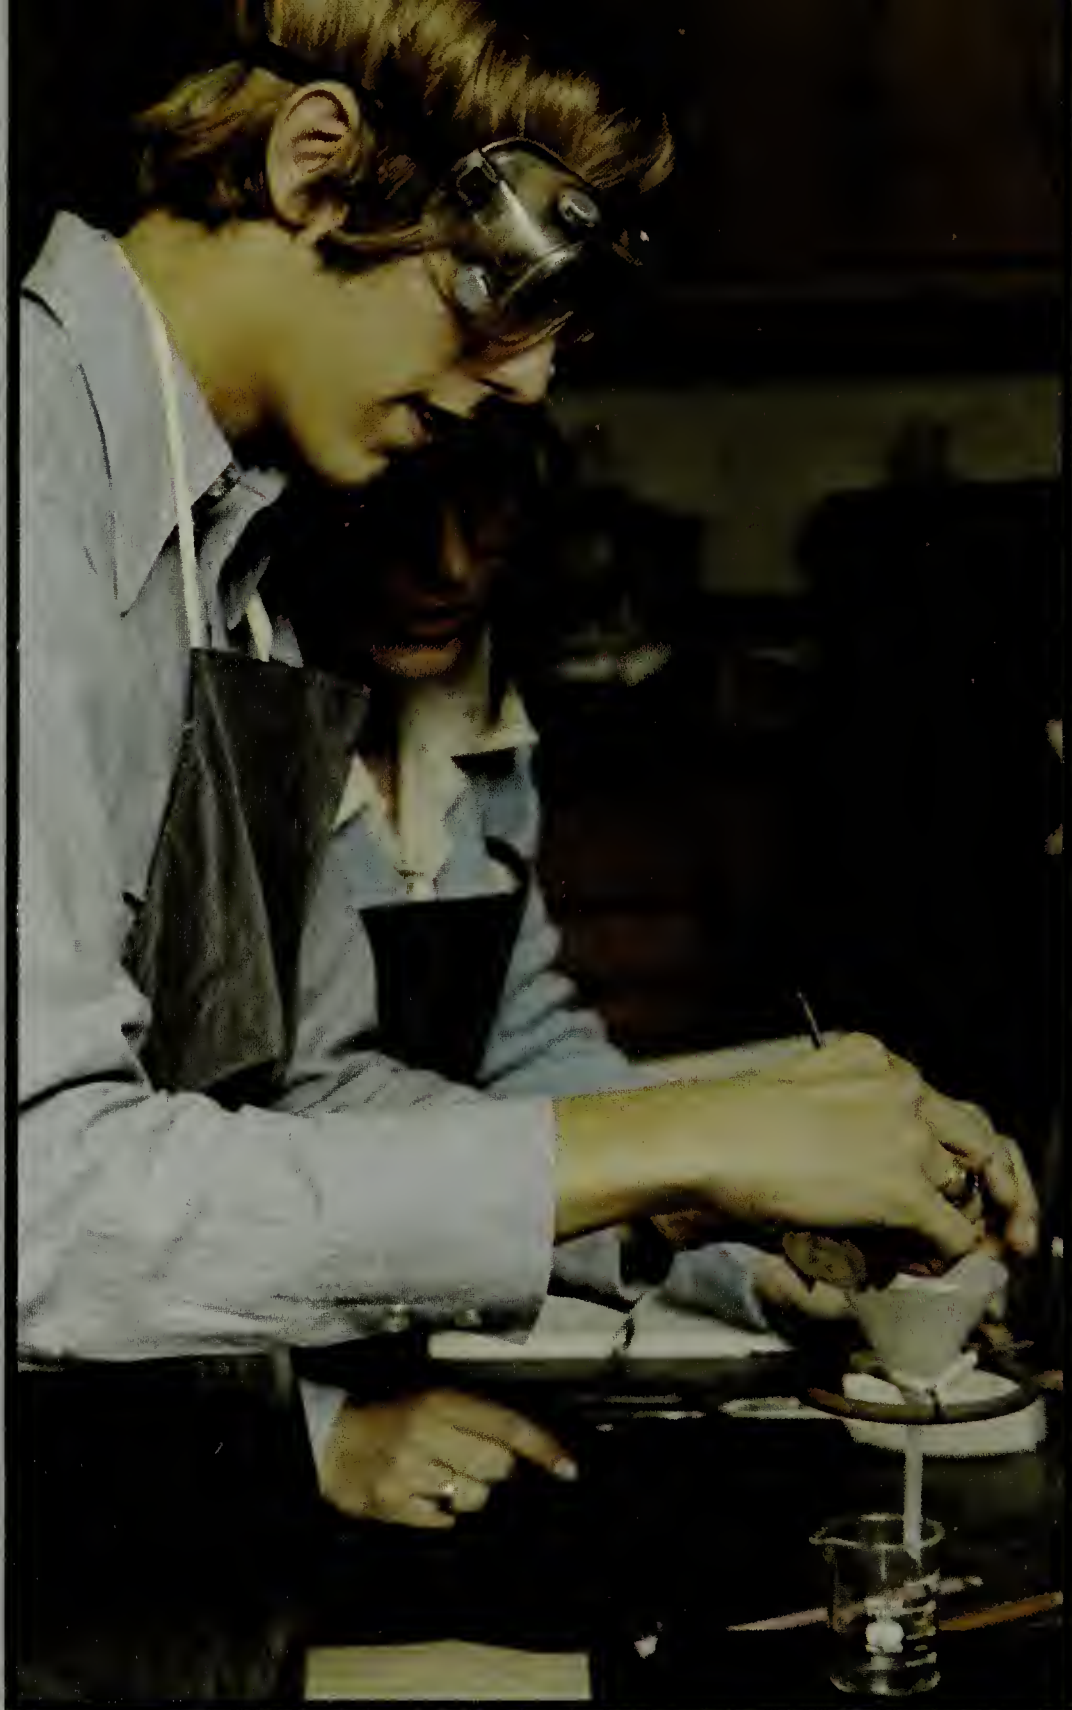

. . . each person had a chance to choose his own activity. This brought everyone together to work and to have fun.

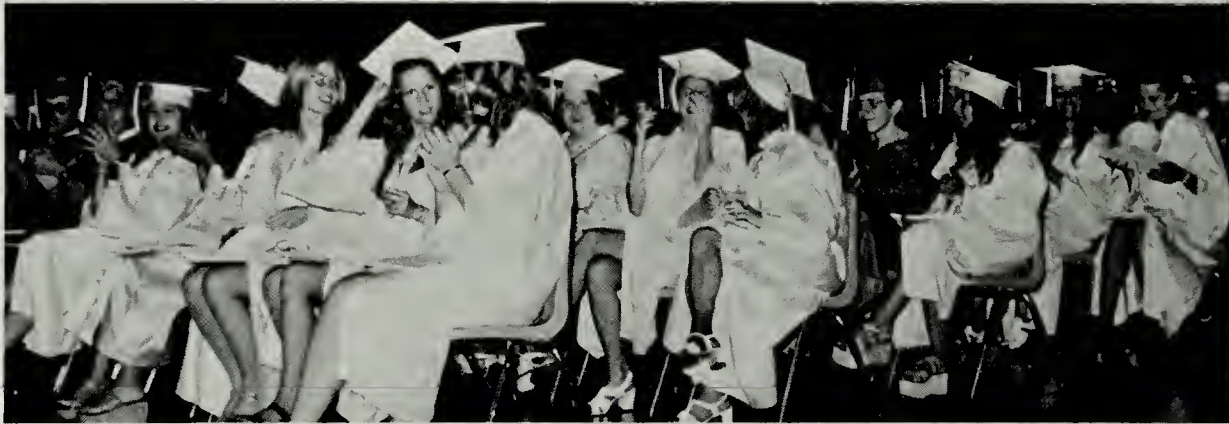

## Chapter Six: Togetherness & Friendship

Every person needs to share his ideas with a friend. Each of these pictures tells a story of friendship. Use the pictures on the next 361 pages to create the story you choose to tell.

Memories of school, from September to June, stay within the heart of a student. The activities he is involved in, the things he does and the things he sees at Hayfield are a part of student life.

### PROM

On May 24, 1974 the Junior Class of Hayfield sponsored the first prom held outside of the school. The Juniors on the prom court were: Debbie Bailey, Kelley Collier, Jan Greenquist, Dixie Tippins and Sheliah Jenkins. Representing the Seniors were: Marsha Astrike, Sherry Cooper, MaryAnn Bueke, Sandy Martin, and the queen, Linda Bainbridge, who was crowned by Lee Litvinas. The band, **Burgundy**, added highlights to the evening as they did their job in presenting the theme, "We May Never Pass this Way Again."

## GRADUATION

The last activity a high school student participates in is graduation. It is a time to reminisce, to forgive, and to rejoice with friends. It compels the acceptance of independence and responsibility. The June commencement means a final summer with school friends before a student steps into the world that awaits him.

## “So tell me, bachelor number 2”

### DATING GAME

The student government of 1973-74 sponsored Hayfield's first dating game. Students and teachers from Hayfield and Mt. Vernon were the contestants. The activity, like the T.V. version was a great success. Those who participated enjoyed the game, even the losers.

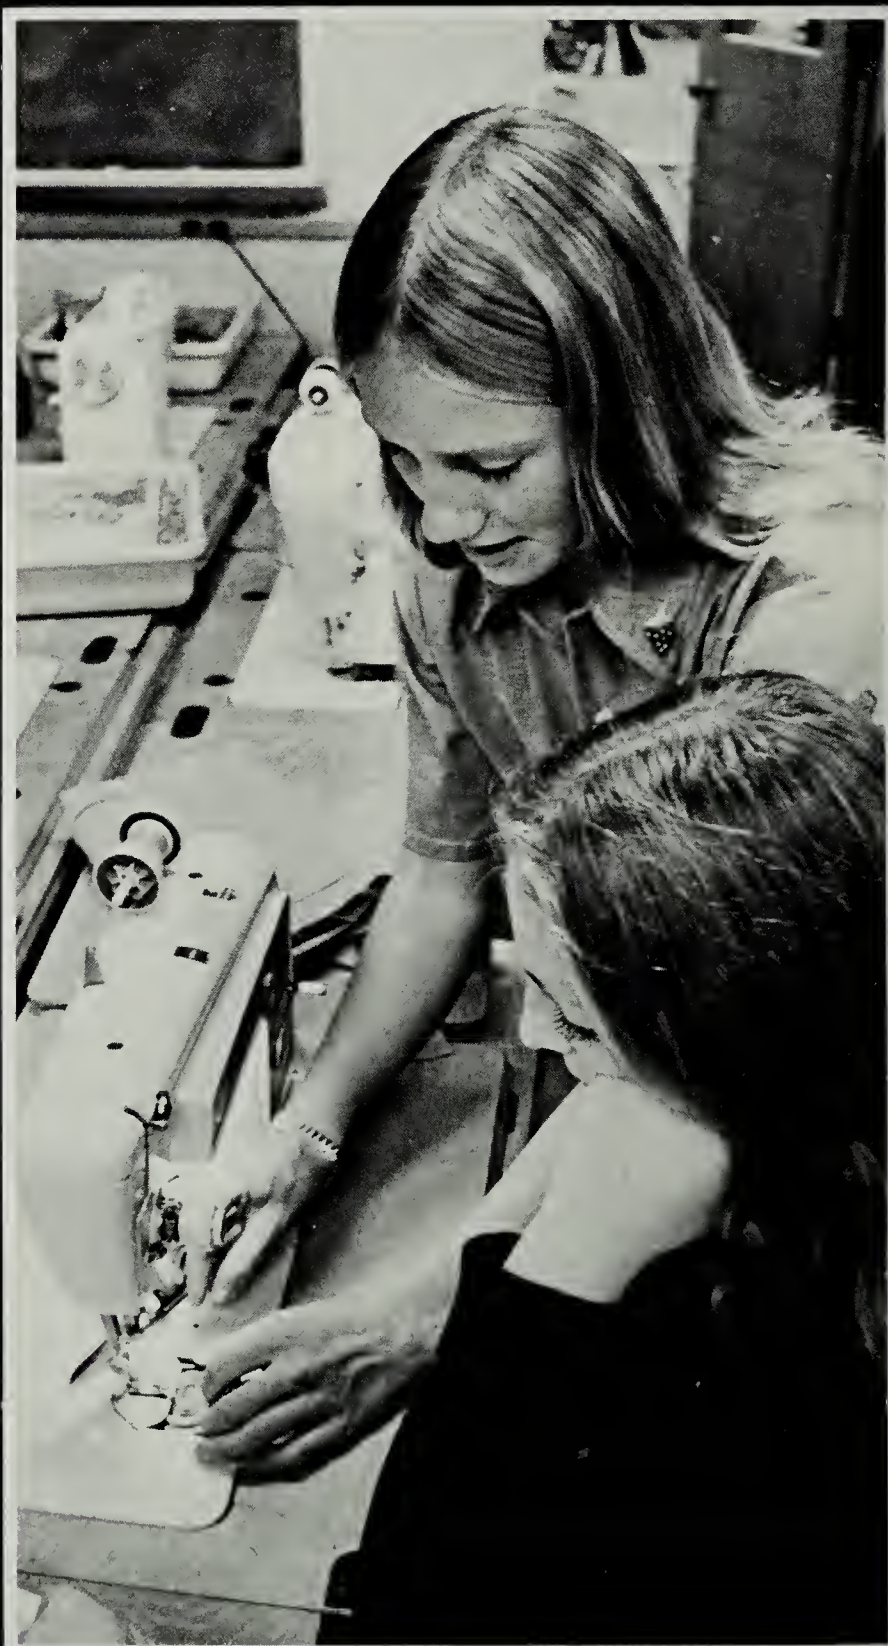

Lovely bachelorettes; 1. Sue Boland, 2. Millie Reece, 3. Phyllis Donley.

## Kathy Okyen, winter festival queen

### WINTER FESTIVAL

There was a Hayfield first on January 17, 1975—the Winter Festival, sponsored by the Concert Band and Drill Team.

The girls on the court were: C. Weitz, M. Terry, S. Racherbaumer, K. Okyen, S. Morlock, J. Jay, B. Jacobson, C. Hunter, B. Hazelwood, L. Christensen, M. Cassidy. The court was introduced at the Hayfield-Edison game during half-time. The following night Kathy Okyen was crowned queen.

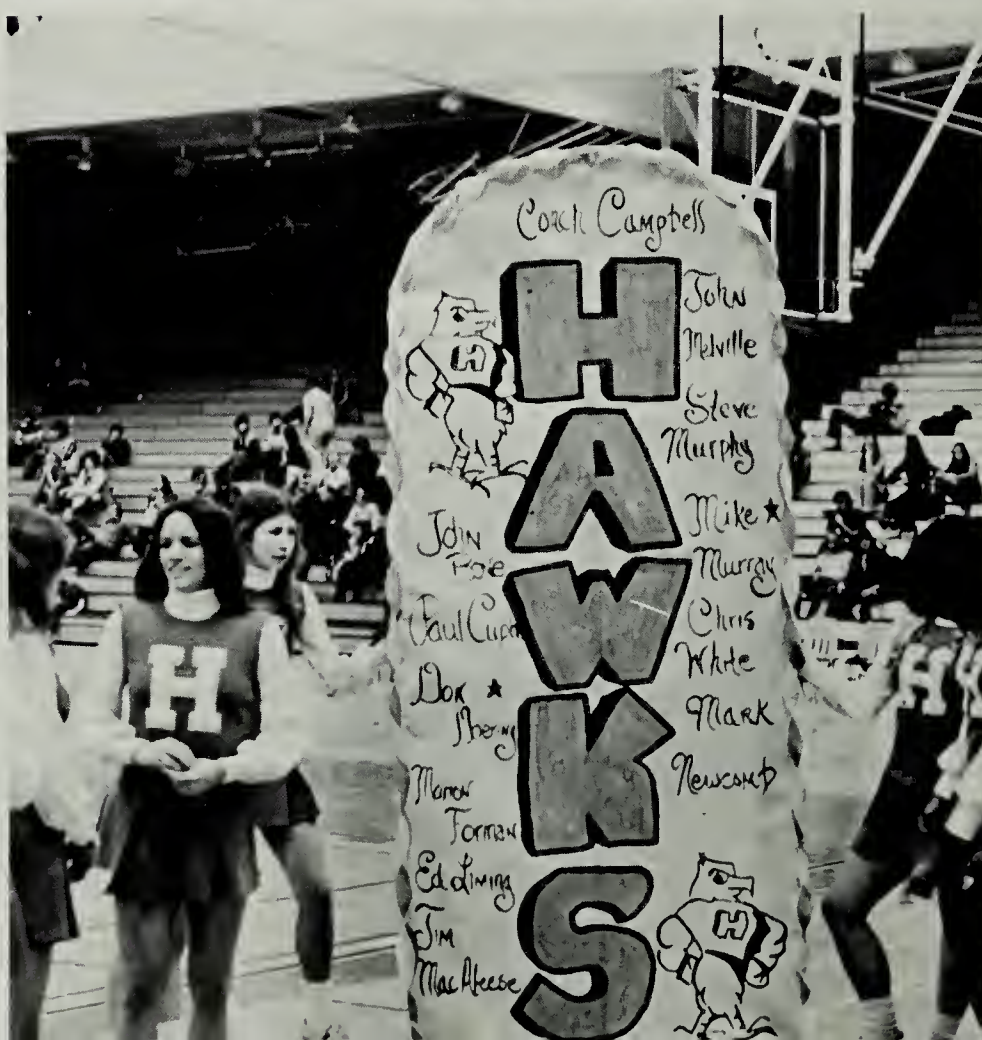

Drill Team does 50's skit for half-time show.

## Hayfield fight song

On to victory for Hayfield,  
We want victory tonight.  
We'll be standing behind you,  
Show us how you can fight.  
Fight! Fight! Fight!  
We have faith that you'll win boys,  
We're the biggest and best,  
Onward to victory,  
Fight for the name of  
Hayfield High!

Although all aspects of school life are important, perhaps one that stands out above all others is the sports program. Nothing else serves as greatly to bring out school spirit as a team of Hawks, female or male, fighting to win for their school. The active participants gain experience, poise, and learn good sportsmanship from their inter-scholastic competition. Spectators are also included in the thrill and excitement of fighting for the ol' alma mater, rounding out a program that has something for everyone.

Hayfield's gymnastic team had a fantastic season this year. In the past they have always come up with some fine talent to represent the school, but this year's team was truly exceptional.

Representing Hayfield on the balance beam were T. Waller, K. Ruffner, C. Ruffner, M. Niezgoda, L. Hitt, S. Garrett, B. England, J. Dillow, and D. Clark. Performing on the unevens were S. Racherbaumer, L. Confair, and C. Mallonee. D. Clark, B. England, D. Evans, S. Garrett, L. Hitt, S. Racherbaumer, and C. Ruffner participated in the floor exercises. Last but not least was the vaulting category which included D. Beuke, P. Bridgeham, C. Mallonee and S. Racherbaumer. A. Ruffner competed in the "all around" competition.

Hayfield's highest scoring this season was 158, which was second highest in the region. There were many outstanding performances, but those by Cindy Mallonee and Ann Ruffner were exceptional.

This year Hayfield's Cross Country Course was lengthened to three miles, much to the dismay of the runners. The longer course didn't slow down the team, though, which placed third in the district and fifth in the region. Of the eighteen runners the top seven were John Barnes, Keith Cole, Marc Okyen, Bob Crawley, John Russell, Tim Doyle, and Steve Alexander.

Towards the middle of the season the team attended invitational meets at William and Mary College, and Woodbridge High School. Although the team lost a few good runners, they still should be in contention next year.

This year's Girls' Tennis Team opened its season on September 17 with a new coach, Mr. Gary Yohe. Many comments were made concerning Mr. Yohe's coaching techniques, including the team's calisthenics and jump-roping. Despite the groans of the team members, these exercises proved beneficial during seasonal play. The Gunston District displayed an especially high caliber of play this year and Hayfield's team score was 2-7. An important difference between boys' and girls' tennis is the fact that girls are only allowed to compete in either singles or doubles on any given day, but not both, as the boys are permitted to do.

# Varsity Baseball Takes Strong Second in District

Last year was Jack Spencer's last year as head coach at Hayfield and during the entire season he worked his team for the all important district playoffs. The Hawks played to a 6-14 regular season record, and were regarded as underdogs going into the playoffs.

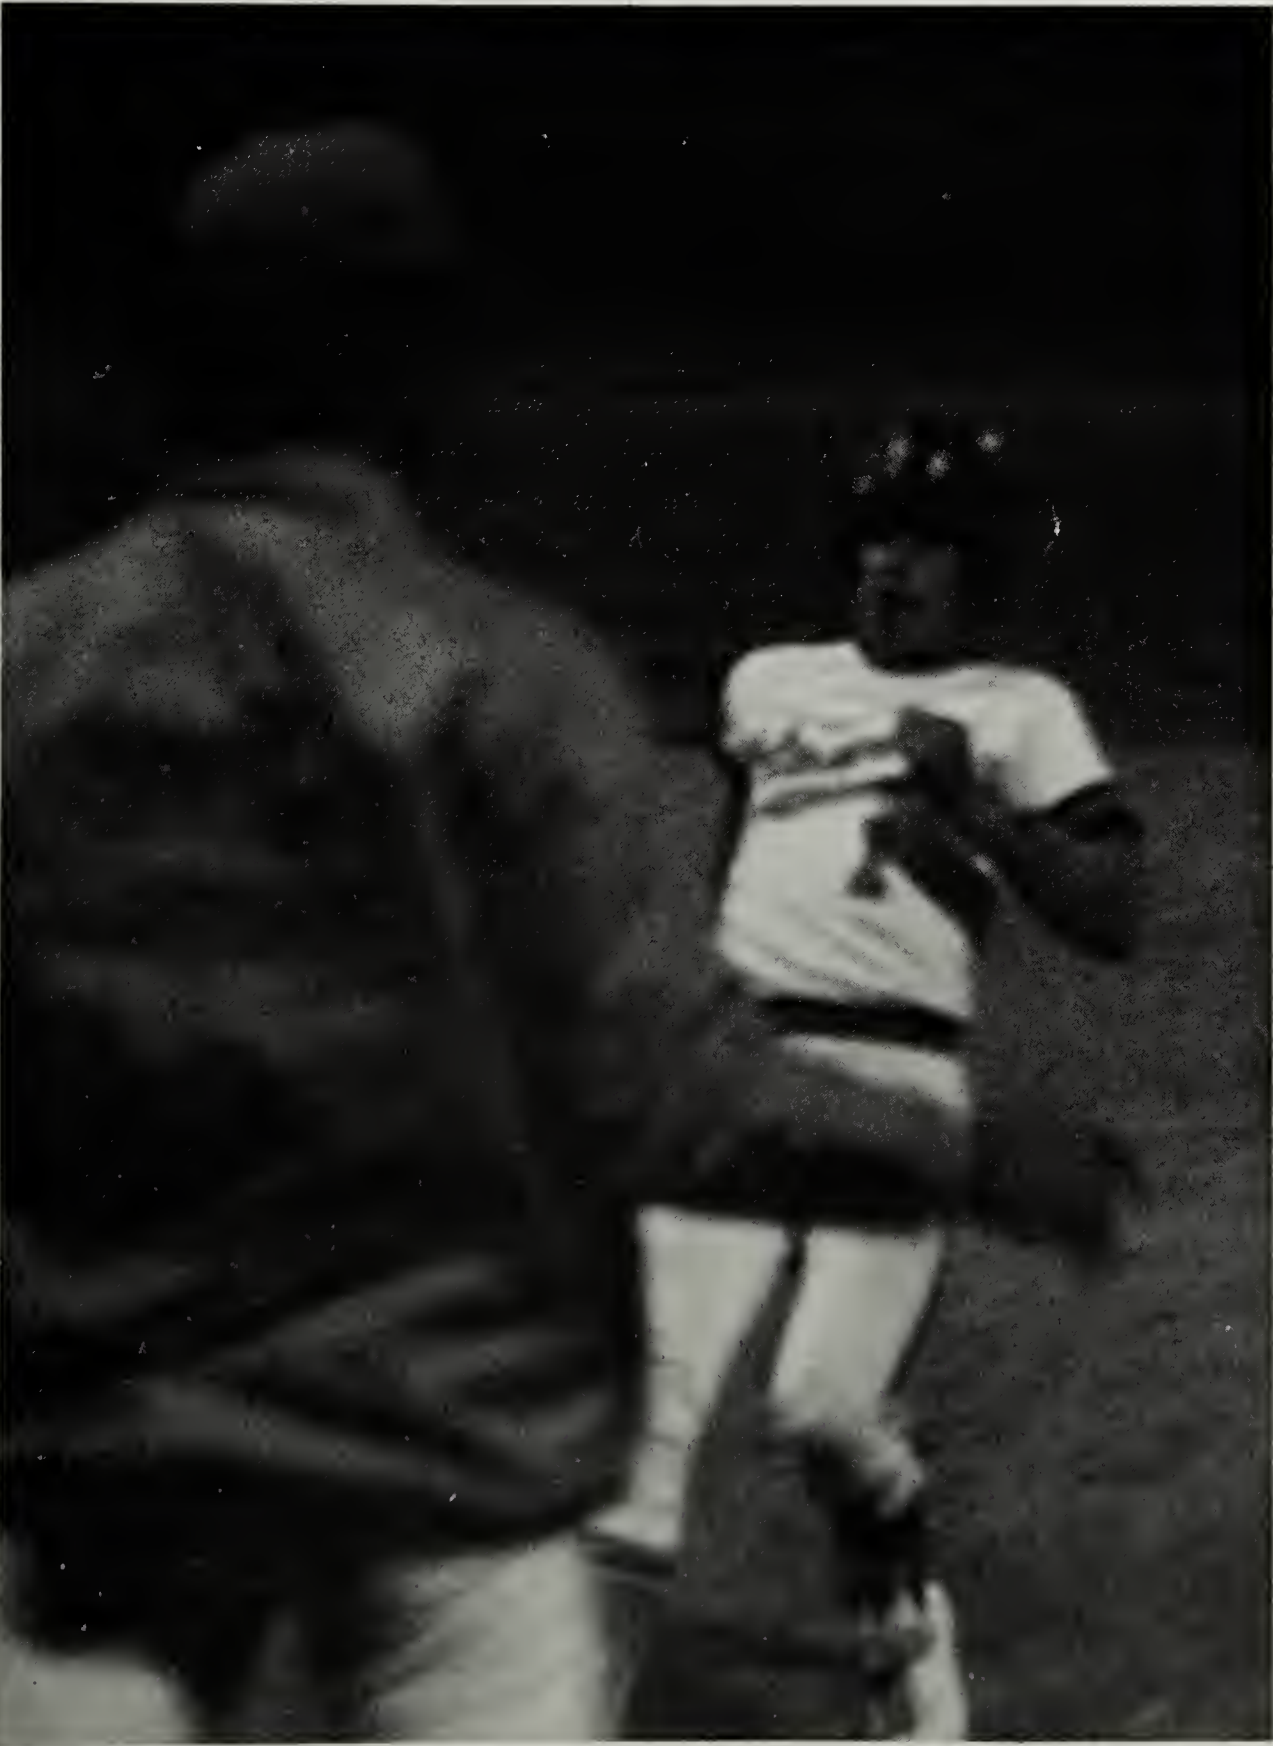

Hayfield met Edison in its first game of the playoffs. George Brannon, who won the "Special Coaches

Award," pitched a brilliant game holding Edison to 6 hits, and winning 11-4. Our Hawks advanced to the semi-finals with the victory, and faced off against arch-rival Lee.

The defense didn't commit an error, and the offense continued to roll in the 11-4 victory. With this victory Hayfield met regular season champions West Springfield for the Gunston District Championship. Henry

Sargent, who received the "Most Valuable Award," started as pitcher. Hayfield scored first when Henry Sargent squeezed in Butch Darley, and then scored again in the 6th when Mike McHemey was sacrificed home. Sargent went into the seventh inning with a 2 run lead, but because of bad breaks, West Springfield pulled out the game and took the championship.

Our Junior Varsity team did what all others had never done—they brought a championship to Hayfield.

During the entire season they only lost two games to Mount Vernon early in the season and to a strong Lake Braddock team.

The next to last game of the season was against Lake Braddock, and the outcome would determine the championship. Lake Braddock had the edge going into the game with the earlier victory, but Hayfield did not let it effect them and with good sound baseball they took the championship.

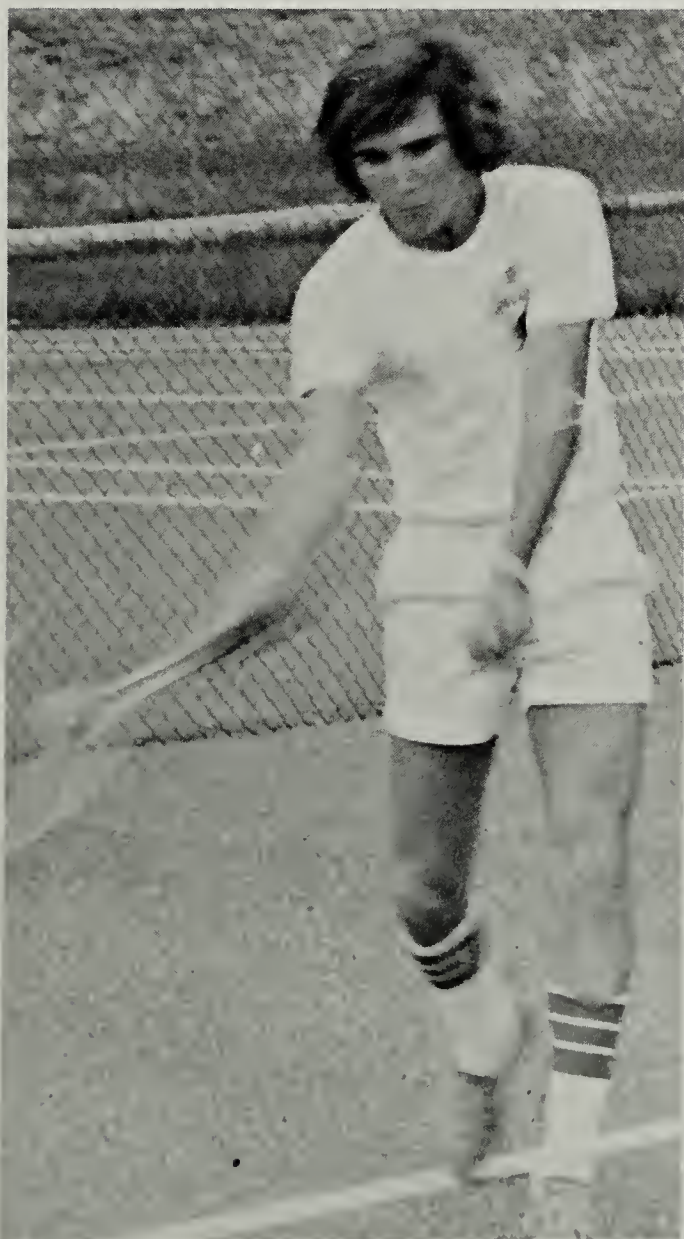

Hayfield then went on to win the last game of the season, and with the victory took first place. Throughout the season our Junior Varsity worked well as a team, helping and encouraging each other.

April showers may bring May flowers but it sure didn't bring good tennis playing weather for the Hawks. Unlike some of the "country club" tennis schools in our area, Hayfield basically sticks to its own courts. Although our boys put up a good fight and had more than an able coach, the rain, wind, and cold weather proved too much to get anything accomplished. All players deserve acknowledgement for sticking it out while Jim Ryan, Charlie Cormier, Mark Hamilton and Alan Proper should be recognized for their fine play as the top men on the team.

# Gymnastics Does Well in District Tournament

Last year the Hawks' gymnastic squad had one of its finest years ever. The team, coached by Jim Diebler, defeated Lake Braddock, Mount Vernon, and Marshal losing only to two of the top teams in the state, Yorktown and Herndon. All of the meets were close and exciting.

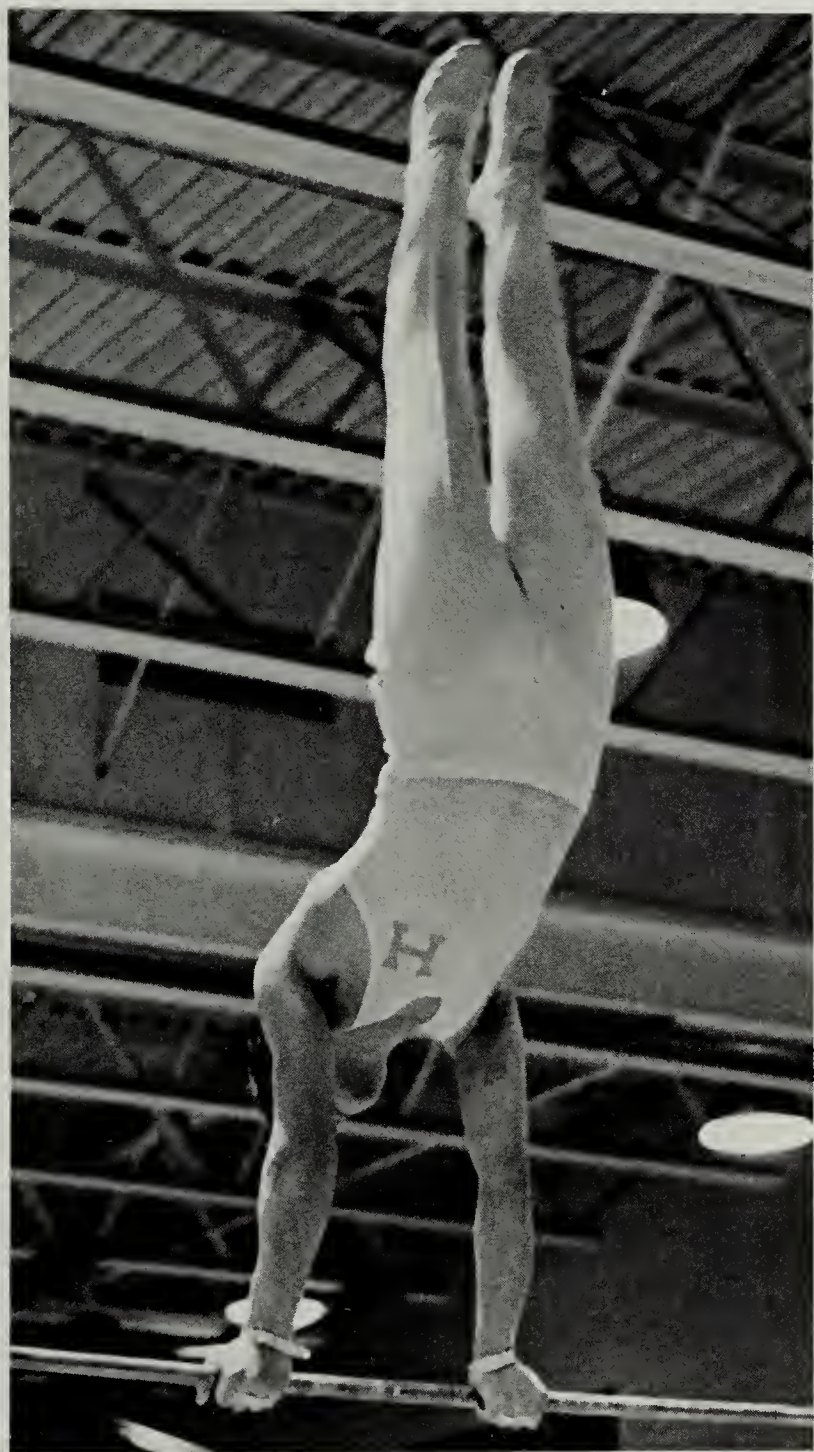

In the county meet at Lake Braddock the team turned up a strong fourth place. They then went on to regionals held at Robinson and again placed well. The team finished seventh in Northern Virginia.

Steve Livingston, the only representative from Hayfield at the Virginia State Meet, received an honorable third on the side horse. Steve deserves the honor of being called the finest performer on the side horse ever to appear for Hayfield.

Our golf team worked hard last year and it all paid off when they placed four members of their team in the prestigious Quantico Invitational.

The team's number one man, Rick Dezutti, lead the team with his always steady play. Battling for the number two position was Mark Alexich and Mike Aleskowitz. Jim Peartree, Jeff Malaby and Brian Cain filled the number four, five and six spots respectively.

Our team has high hopes again for the upcoming season, with five of the six members of last year's team returning.

COACH: MR. LAMMOND

Under the supervision of Coach Lamond and with the combined efforts of many knowledgeable and skillful players, the team of 1974 will long be remembered for its spirit and desire to win. In practice and on the field the team exercised good sportsmanship and a fighting spirit which is essential to any good team.

The team began training in March. From the numerous candidates, a squad was picked to represent Hayfield on the field. Headed by the captains, Gerald Windt and Eric Scalise, the boys played with an unsundering fighting spirit. Although they faced stiff competition, they never lost their will to win.

The boys' track team, lead by Coach Scott, had determination, drive, spirt, and that all important will to win. It seems they had everything they needed for a good season, but stacked up against many outside influencing factors, extremely stiff competition, and bad luck. The boys did not pull through as highly as one might have expected them to.

All of the members of the team did well in their events. Among the many individuals who stood out were Walter Welch, Long Jump; Ralph Solano, 100, 220, and 440; and John Barnes, 2 Mile Run. They showed good sportsmanship and unbelievable skill, which when put together, make an outstanding athlete.

"Improvement" was the key word for Girls' Track in the Spring of '74. Practice was held everyday, rain or shine, indoors or out. With a fantastic collection of real talent, everything was put together as a working team by Coach Frew. A real spirit to do her best was shared by each member of the team as the fighting Hawks worked toward an undefeated season. Their goal was almost realized until the final meet was lost in a close battle with Fort Hunt.

Hayfield was proud to send a 440-relay team consisting of Carol Pederson, Ruth Smith, Kim Borden, and Adrienne Heard to State, along with Char Hughes in the long jump and Ruth Smith in the 220 yard dash.

# Varsity Softball Has Highly Successful Season

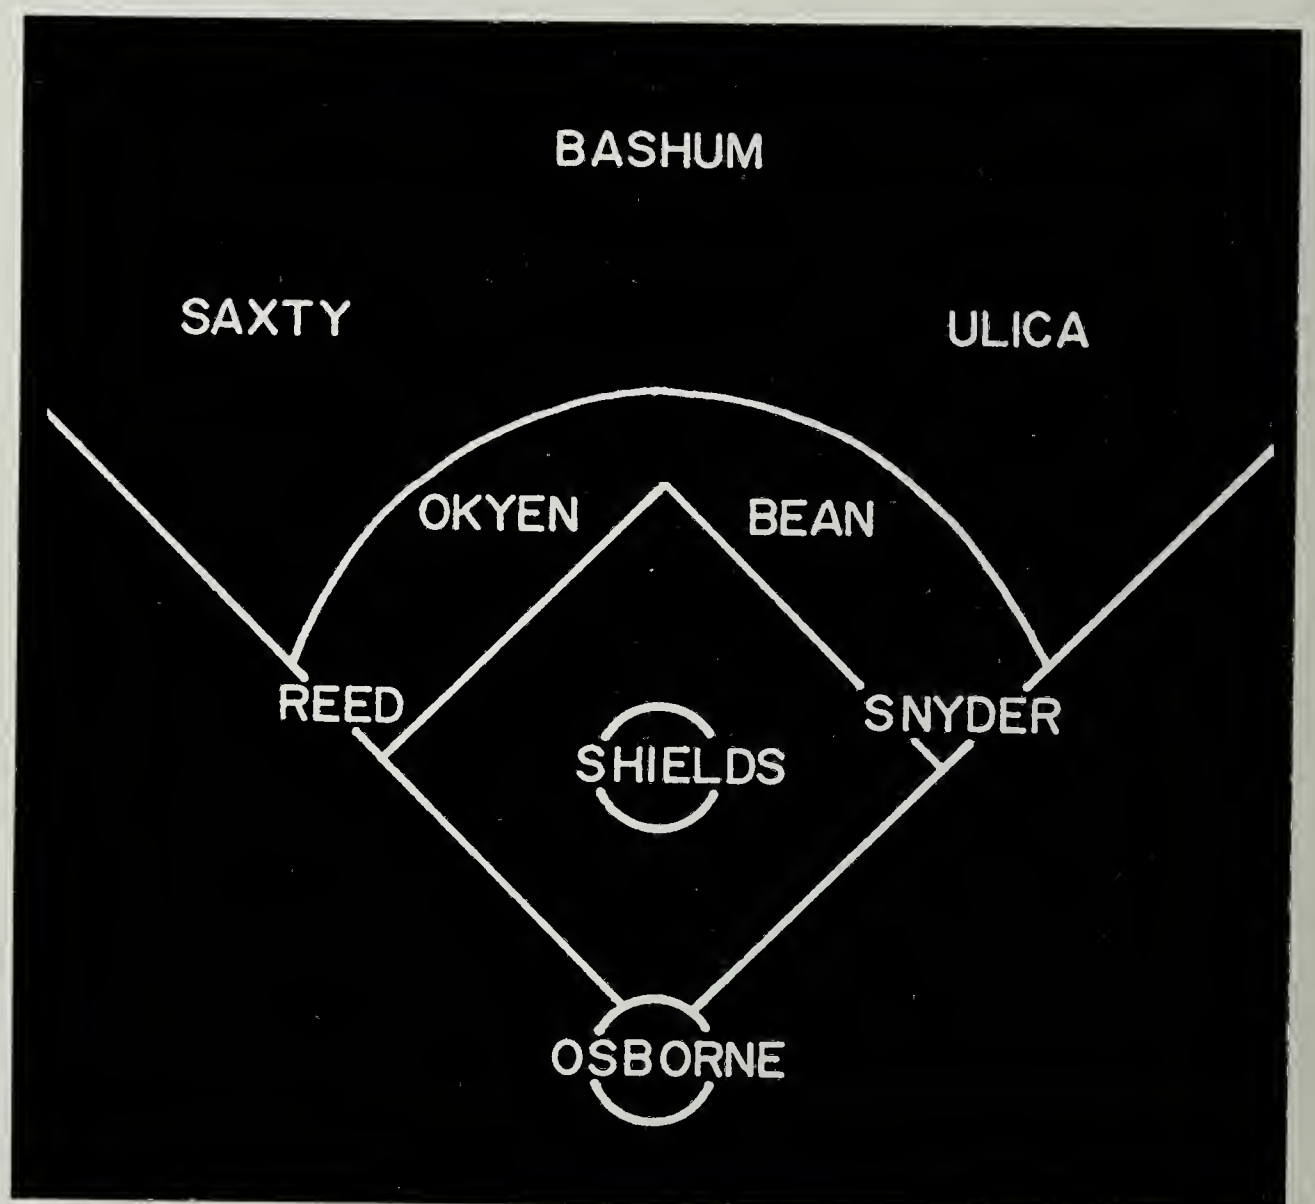

**Back Row:** Jean Barbour, Carol Reeb, Mary Fitzgibbons, Karen Ulica, Judy Bashum, Sue Jones, Becky Lyons, Debbie Hamilton, Coach James.  
**Front Row:** Lori Saxty, Patty Bean, Linda Osborne, Debbie Okyen, Mary Shields, Becky Allen, Vicki Synder.

Hayfield's Varsity Softball Team, lead by Ms. Beth James, had a highly successful season, winning seven games and losing only two. This record was good enough to give Hayfield a high rank in the district standings.

The team played good ball all through the season featuring superb pitching, excellent fieldings and heavy hitting. Many teams went down swinging, or had what looked like a sure hit turn into an easy out.

Although several good players were lost by graduation, an experienced group of girls will be back to form the team for next year. We are looking forward to another successful season in 1975.

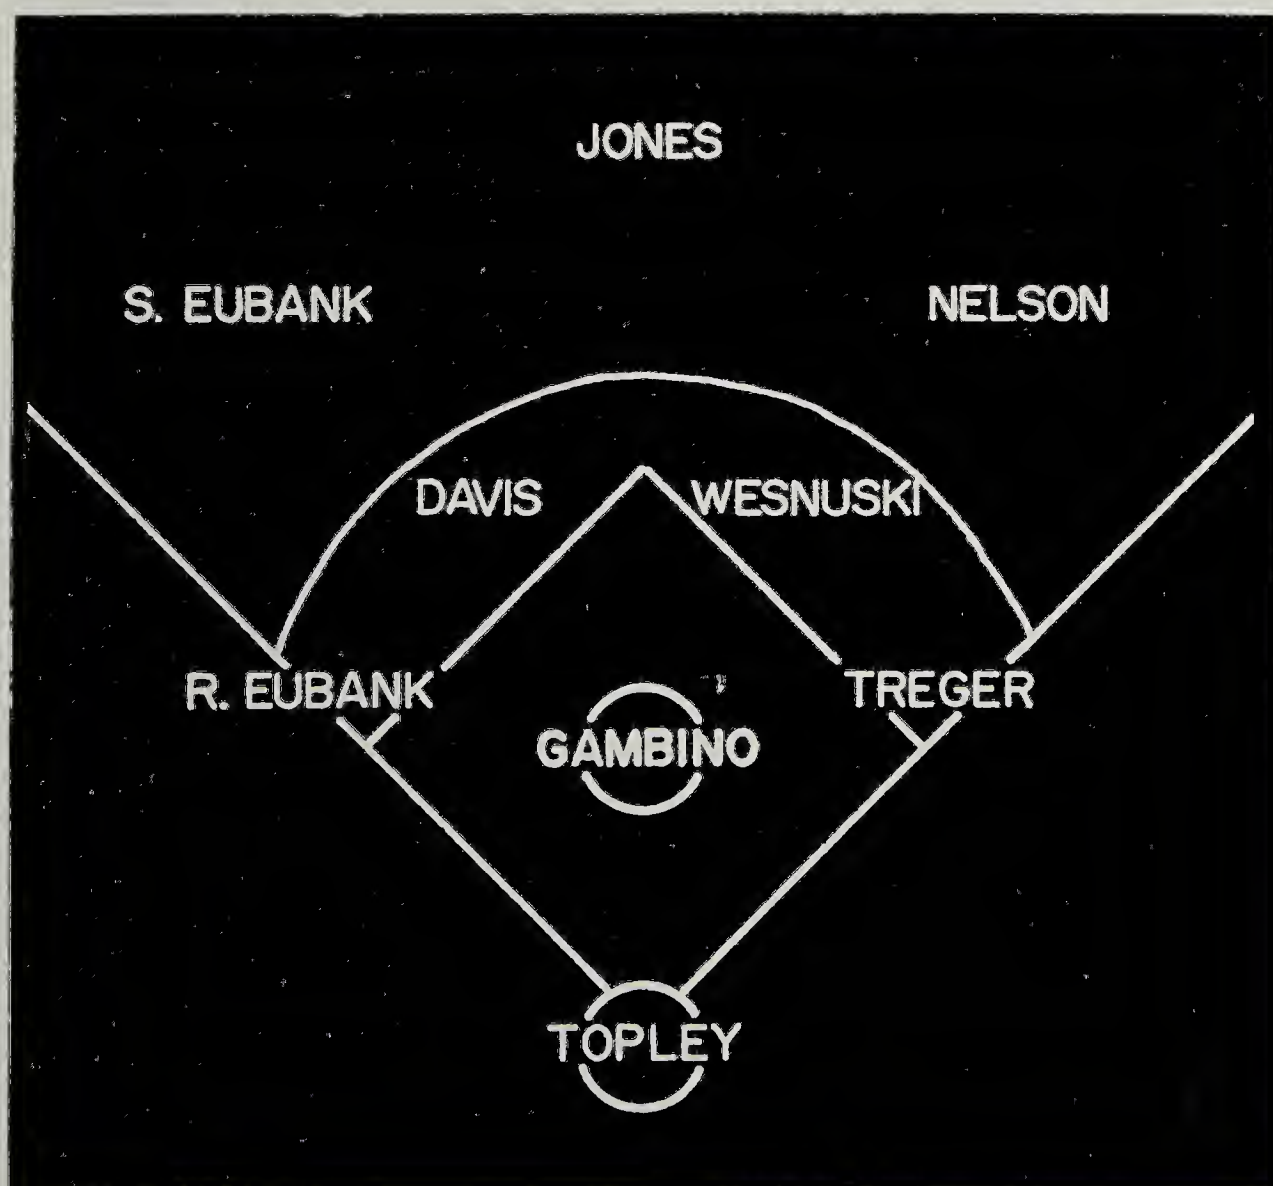

# Junior Varsity Softball Doesn't Give Up

Coach Clemmons, Sue Eubank, Mary Allen, Becky Jones, Fosie Eubank, Cindy Stone.

Under the excellent supervision of the coach, Mrs. Clemmons, the Junior Varsity squad was selected for the 1974 year. Such infielders as Rosie Eubank, Tu'lann Wisniewski, Patty Davis, Darlene Treger, Linda Schaffer, not only have helped the team defensively, but offensively as well. The constant hitting of Darlene Treger and Gina Gambino aided the orange and white many times. The flycatchers for the team, Becky Jones, Sue Eubank, Mary Allen, Cindy Stankiewicz and Debbie Nelson helped to save many plays. Pitching the ball was Gina Gambino, and behind the plate was Donna Topley. The team as a whole worked well together; and while they had their off days, they show great hope for next year.

# Varsity Football Makes Strong Showing

When our football team started practice this year, they knew it would take hard work and determination to have a winning season. Everyone sacrificed all their time for the goal of winning.

They were successful at first, beating both Fort Hunt and McLean. Things began to get rough though, and for the next six games they lost four games while winning only two, dropping their record to 4-4. With all hopes for the District title and a Regional Playoff birth gone, our team met undefeated Lee. The defense shined, holding them scoreless as they had done to other teams throughout the season, but unfortunately the offense failed to score, resulting in a tie.

Our Hawks finished the season off by soundly defeating Jefferson. During the entire season, the defense did their job, holding three teams scoreless and never allowing more than two touchdowns in any one game, and averaging just over eight points scored on them per game. The offense failed to put points on the board throughout the season, scoring three or more touchdowns in only two games, an average just over nine points per game.

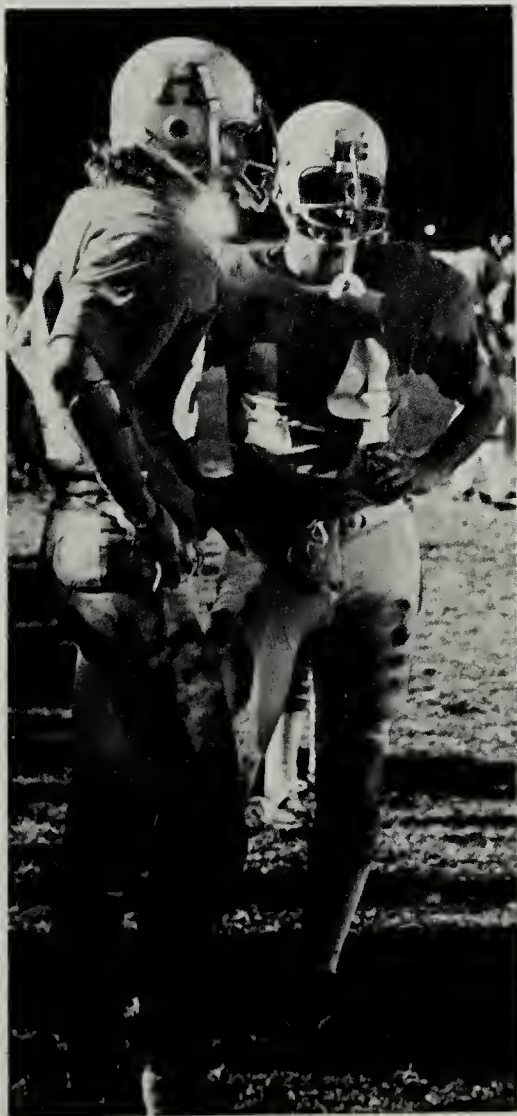

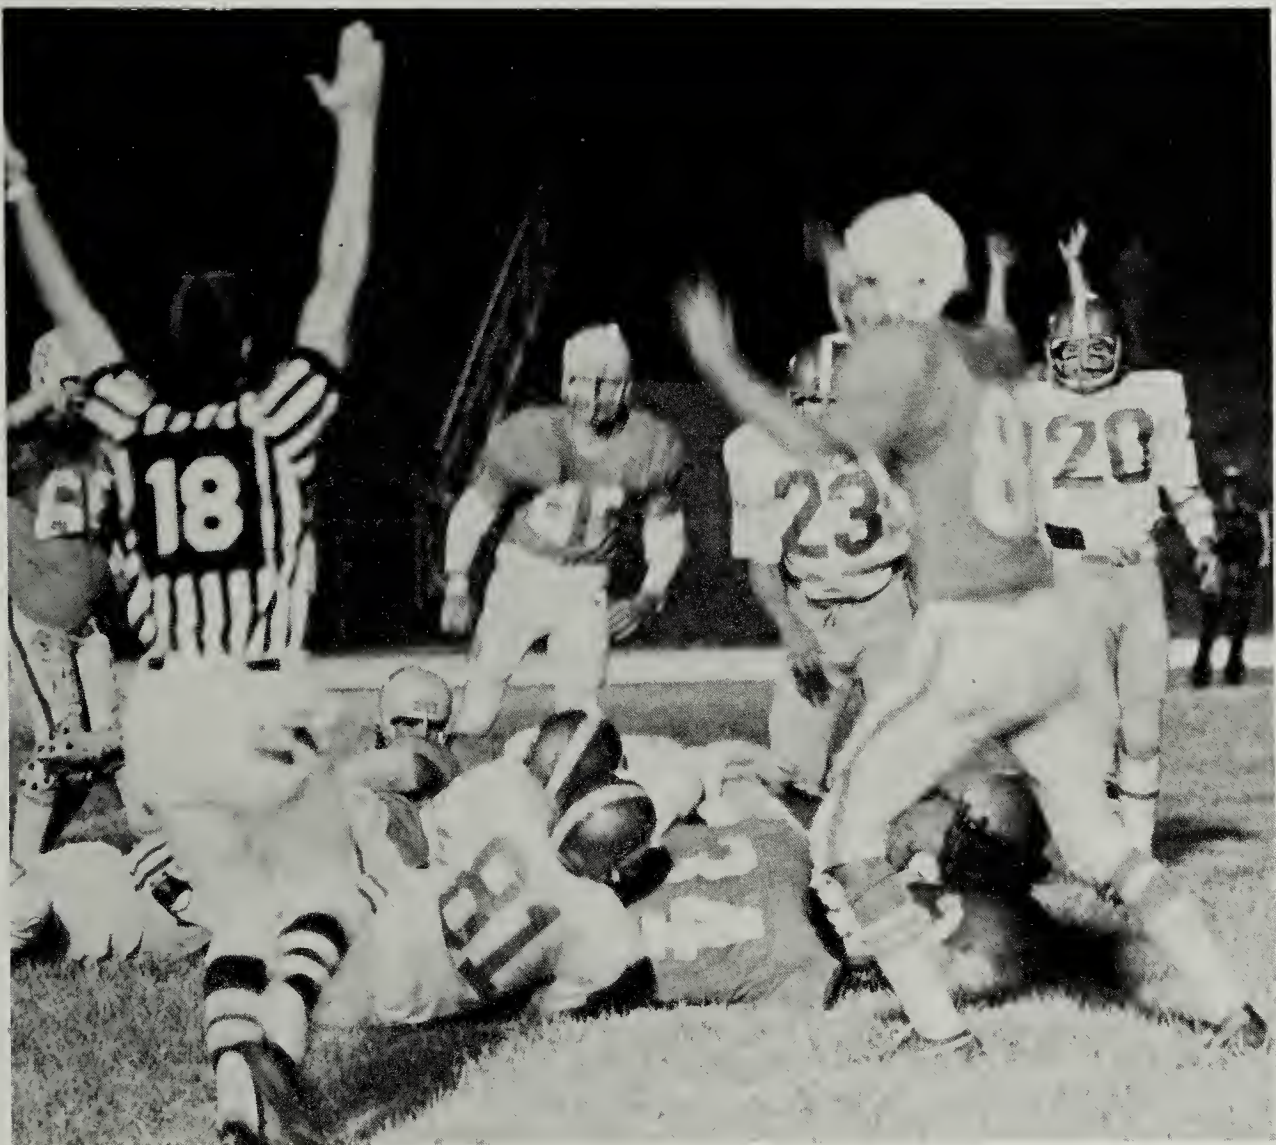

Our team posted a 5-4-1 record. Although disappointing to the team, it was good enough for third in the Gunston District and brought back respect for our football program.

# Junior Varsity Football takes first place in district.

Under the fine leadership of Coach Rinaca, this year's Junior Varsity football team took first place in the Gunston District by winning seven of eight games.

No one player could be singled out as the most valuable in that the teams success depended on each player doing his job.

With the success the Junior Varsity team showed this year and the talent of the returning Varsity players, next year's Varsity football team should be very strong.

Hayfield's 1974 Freshman football team had a successful season, losing only one of six games. The defense was one of the best at the freshman level in the Gunston District, allowing an average of only five points a game and recording three shut-outs. The offense, though less effective, proved itself in the final game by coming from behind in the last minute to tie Edison.

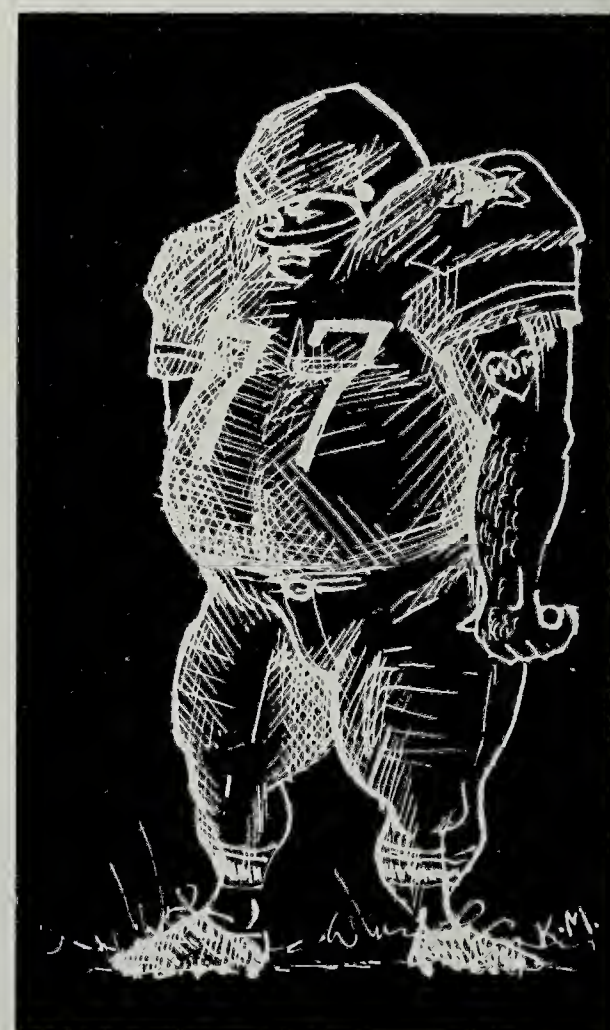

Those players who contributed heavily to the team's overall success were halfback Danny Dodd, quarterback Rick Altheide, linebacker Terry Harkleroad and cornerback Mike Fogarty.

The Hawks varsity basketball team started the season off with high hopes. Pre-season forecasts predicted Hayfield and Lee to present a strong challenge to the District Champions, West Springfield.

As the season got under way, Hayfield seemed to fluxuate greatly from week to week. Hayfield possessed some of the best talent in the area, but, as stated by Coach Campbell and the players, often times the team would become overconfident and go into a game mentally unprepared.

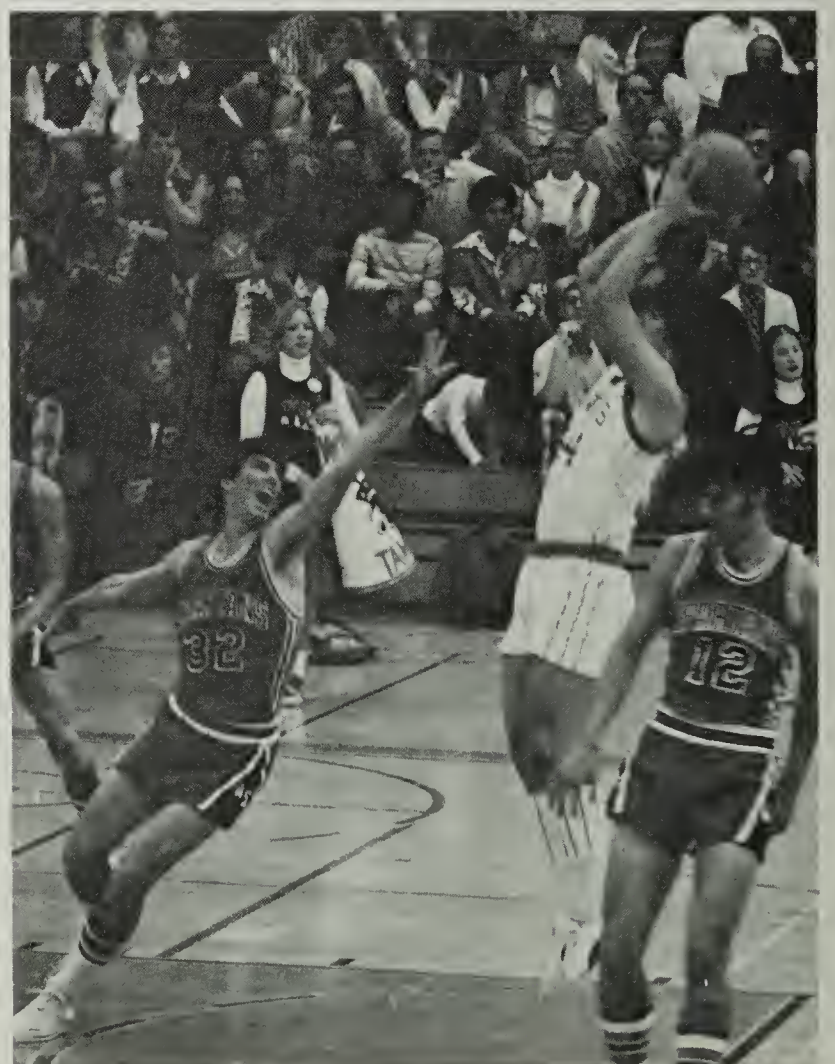

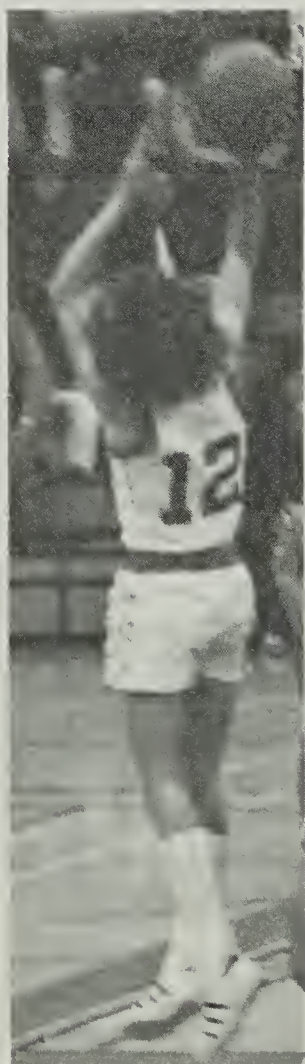

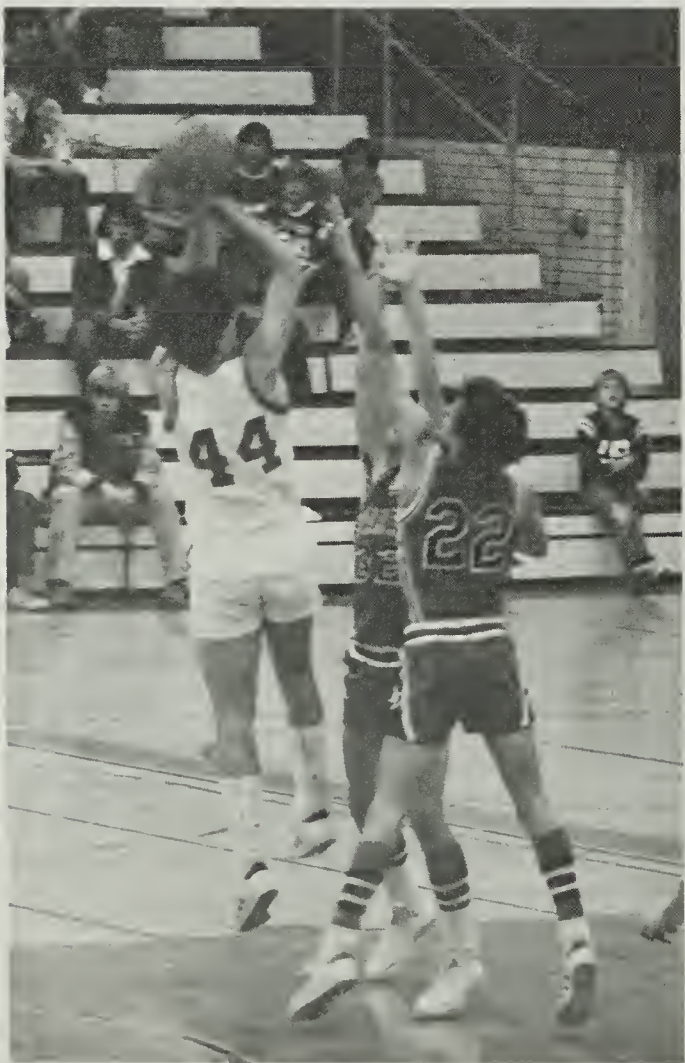

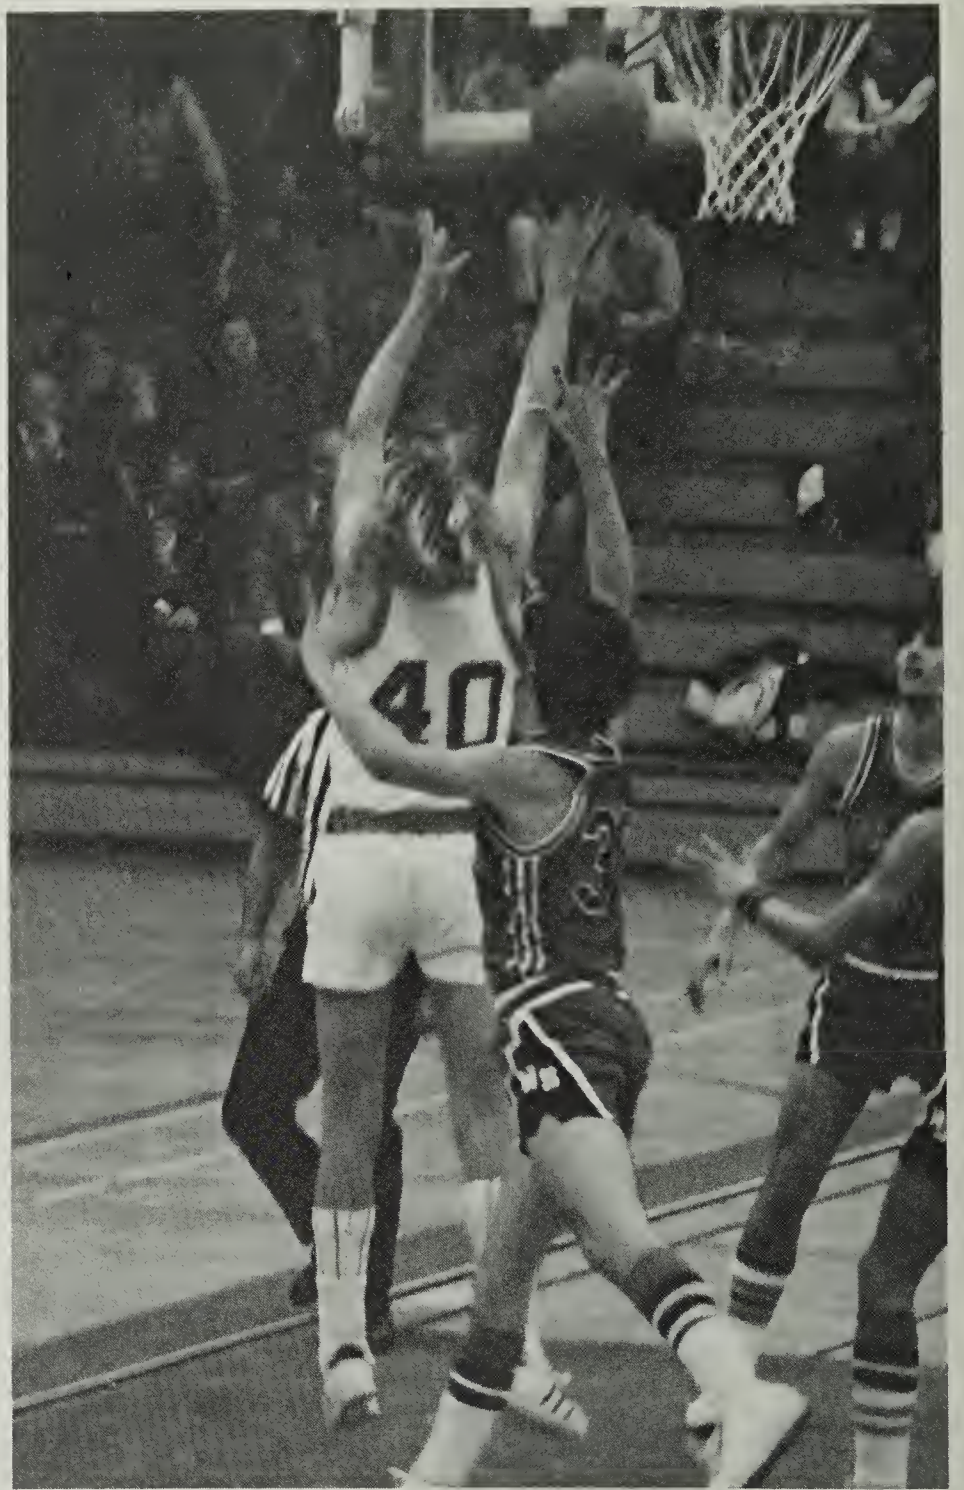

However, the Hawks did play outstanding ball for the majority of their games. The Winter Festival week centered around the basketball team, with Hayfield rising to the occasion by defeating the Edison Eagles 55-53, in a heart stopping triple overtime.

After ending the regular season with a victory over Groveton and posting a winning 11-9 record, Hayfield went into the District Tournament with determination and pride. After taking their first game over Edison 55-41, Hayfield was defeated by Lee 84-64 in the second. Then,

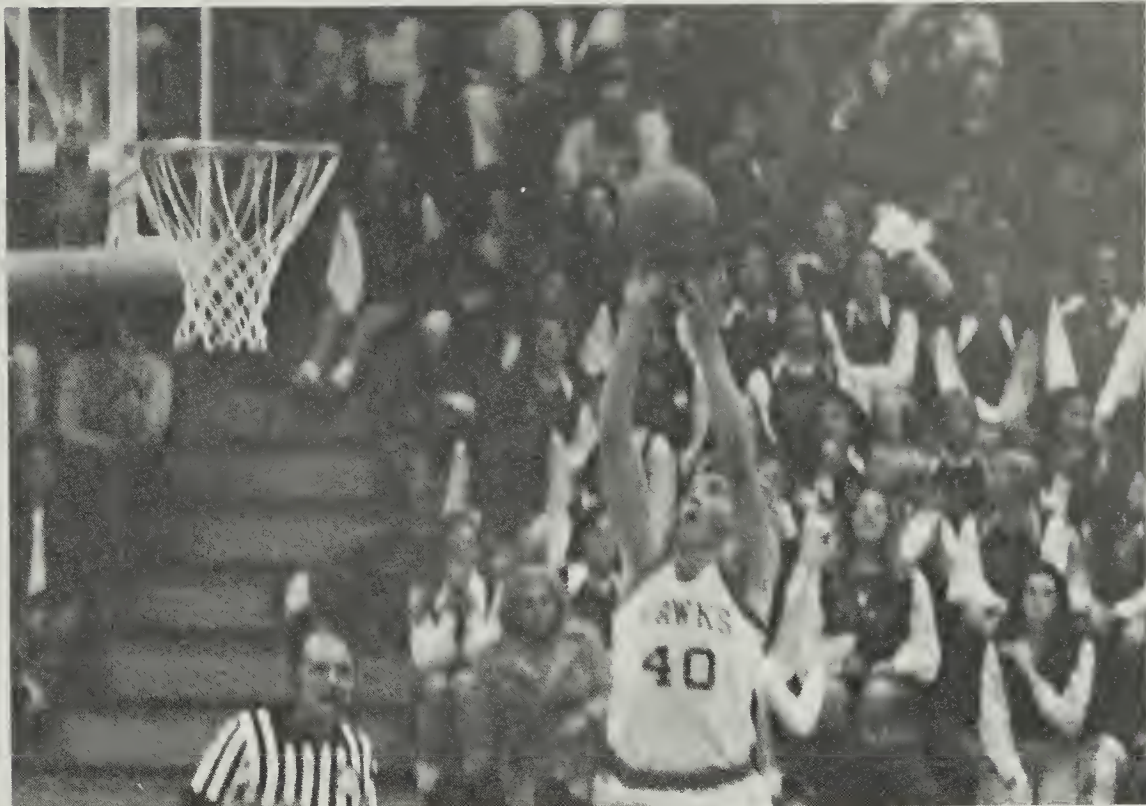

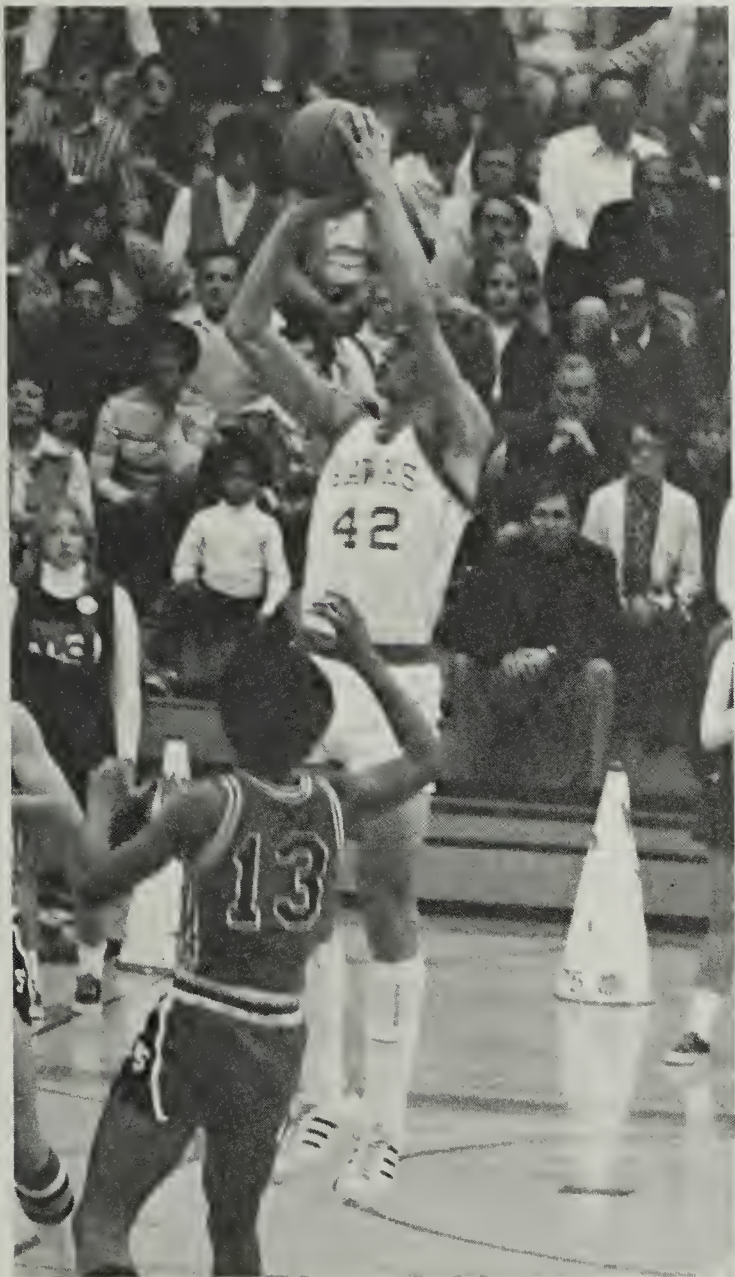

meeting the challenge, the Hawks beat Mt. Vernon in an exciting 66-65 victory. Fighting for the 8th slot berth in the Regional Tournament, Hayfield's season came to an end, losing a well played game to Marshall 66-56.

Unfortunately, Hayfield lost many outstanding Seniors. Mike Murray was the high scorer for the team and at one point during the season was also top scorer in the region and second in the state. Other starting Seniors included Don Doering, John Melville and Steve Murphy.

The 1974-1975 Freshman basketball season developed into one of the best in recent years. The Hawks ended their successful season with an exceptional record.

Paced by deadly shooting, aggressive rebounding and exceptional ball handling, the Hawks presented a strong challenge to everyone they played.

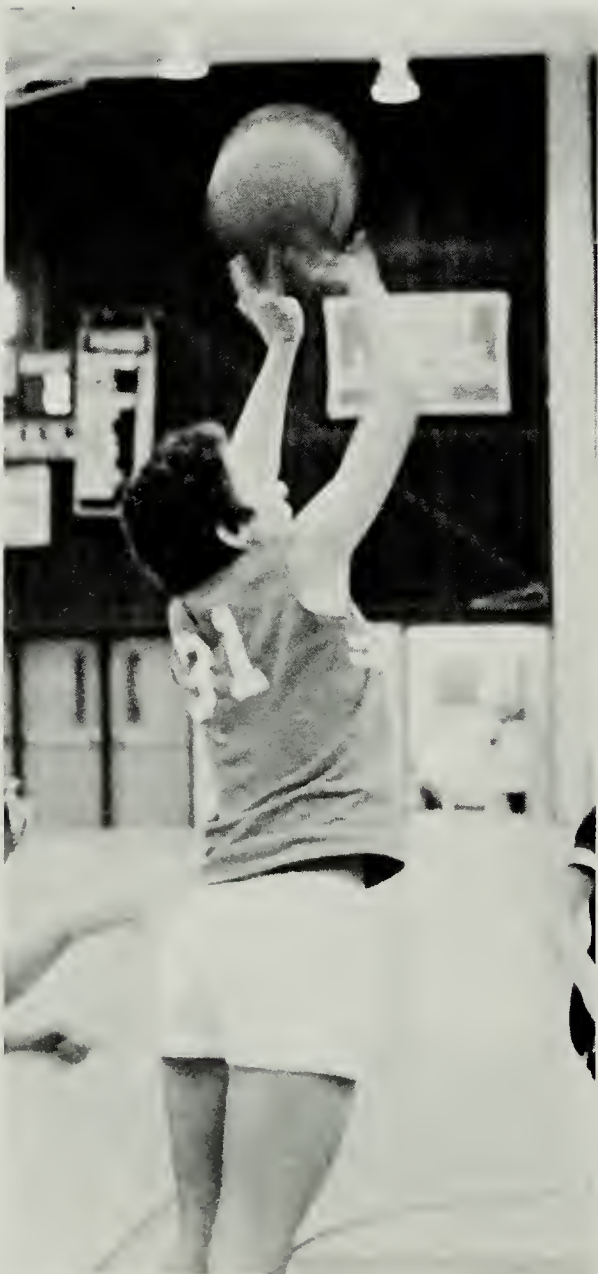

Freshmen are considered the beginners in the basketball program, but the incredible talent they showed proved the upcoming years will be rewarding.

The team, consisting of seven returning players, four of whom were lettermen, and two new members, started the season off with a rousing victory over Groveton. The quality of performance this season was exceptional.

# Fine play provides exciting season.

**Standing:** B. Boland, S. Kovel, P. O'Quinn, N. Clark, F. Hunt, P. Kendrick, G. Christensen, B. Jones, A. Acevedo, S. Barnes, B. Creigh. **Sitting:** Captains L. Saxty, M. Chinen, Coach Raes.

The J.V. basketball team started off on a good note with a great victory. They demonstrated that proper attitude and true teamwork can lead to success.

The team consisted of four freshmen, six sophomores, and three

juniors. A total of thirteen players made the team, twelve of whom were beginners. They were a very young and unexperienced team but had great potential, and proved their worth. Since they started from scratch this year, next year should prove to be even more profitable.

# Don Dodd takes first in state wrestling tournament.

Under the fine direction of Coach Ellis the 1974-1975 Varsity wrestling team was going strong before suffering their first defeat to Woodson in an exciting match. Producing an overall record of 6-5 the Hawks went on to place several members in post-season competition. Jeff Bonifer and Don Dodd represented Hayfield at State. Don Dodd (155 lb.) became Hayfield's first athletic State Champion and a schoolwide Don Dodd Day was declared.

John Barnes  
Gunston District's  
# 1 Two-miler.

Not willing to let the winter season bring an end to track, the faithful runners, jumpers, and throwers of Hayfield's Winter Track Team took to the indoors. Even though the actual competitions were held within the walls of the gym, many long hours were spent in outdoor practice.

The season went extremely well under the able supervision of Coach Scott, as the team seemed to come alive at its meets. Competition included some of the toughest in the country. Excitement was high as the Hawks came within a few points of defeating the highly recognized Edison Eagles.

To add a little bit of interest to the season was a Hayfield first, the participation of two girls. The girls ran in almost all of the meets and although they never did win a race, they felt the experience and help received were well worth the effort.

The team lost a great deal of talent due to the graduation of Marc Okyen, Ralph Solano, Mike Stamps, and Carl Frantz, to name a few. Special recognition went to Walter Welch for placing first in Regionals and second in State in the triple jump and to John Barnes for placing first in Districts and third in State in the two mile run.

# Varsity Hockey reaches goal through hard practice.

**Back:** Coach Green, P. O'Quinn, S. Hausburg, L. Christensen, B. Russell, N. Clark, M. Fitzgibbons. **Front:** P. Davis, L. Morton, R. Eubank, B. Boland, P. Brown, P. Peters.

Hockey is a sport of growing importance and prestige. This statement is nothing to wonder at because hockey is sometimes considered to be as rough as football and as exciting as basketball. Much time and energy was exerted and many improvements were noted in the girls by the coach, Mrs. Green.

There were only a few players lost by graduation. Among them were Leah Christensen, winner of the Coach's Award; and Linda Morton, voted Most Valuable Player. In the returning players the team has great expectations. Included in these are Frances Hunt, a sophomore, who was voted the Most Improved Player.

Considering the skills, experience and attitude of the veterans, Hayfield looks forward to a good Hockey year in 1975.

# J.V. Hockey gains valuable experience

**Back Row:** L. Saxty, A. Acevado, S. Eubank, S. Stone, K. Bayne, D. Nelson, C. Stone, G. Christenson, Coach McDonough. **Front Row:** E. Fitzgibbons, T. Anholt, S. Robinson, J. Edwards, M. Trail, T. Moreland.

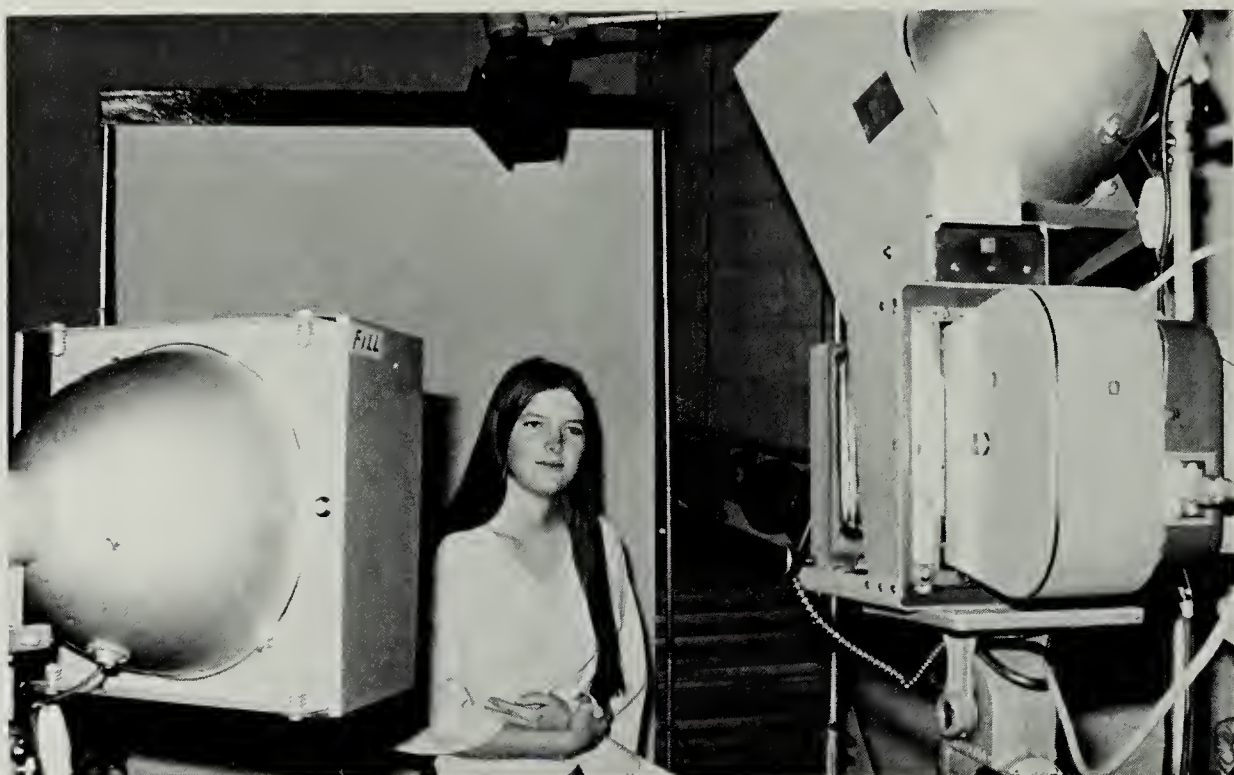

For the Hayfield hockey team and new coach, Miss McDonough, 1974 was a difficult year; damaged equipment and a poor playing field dampened the team's effectiveness. The greatest problem the players faced was the exhaustive schedule. The competition with older and more experienced teams was stiff.

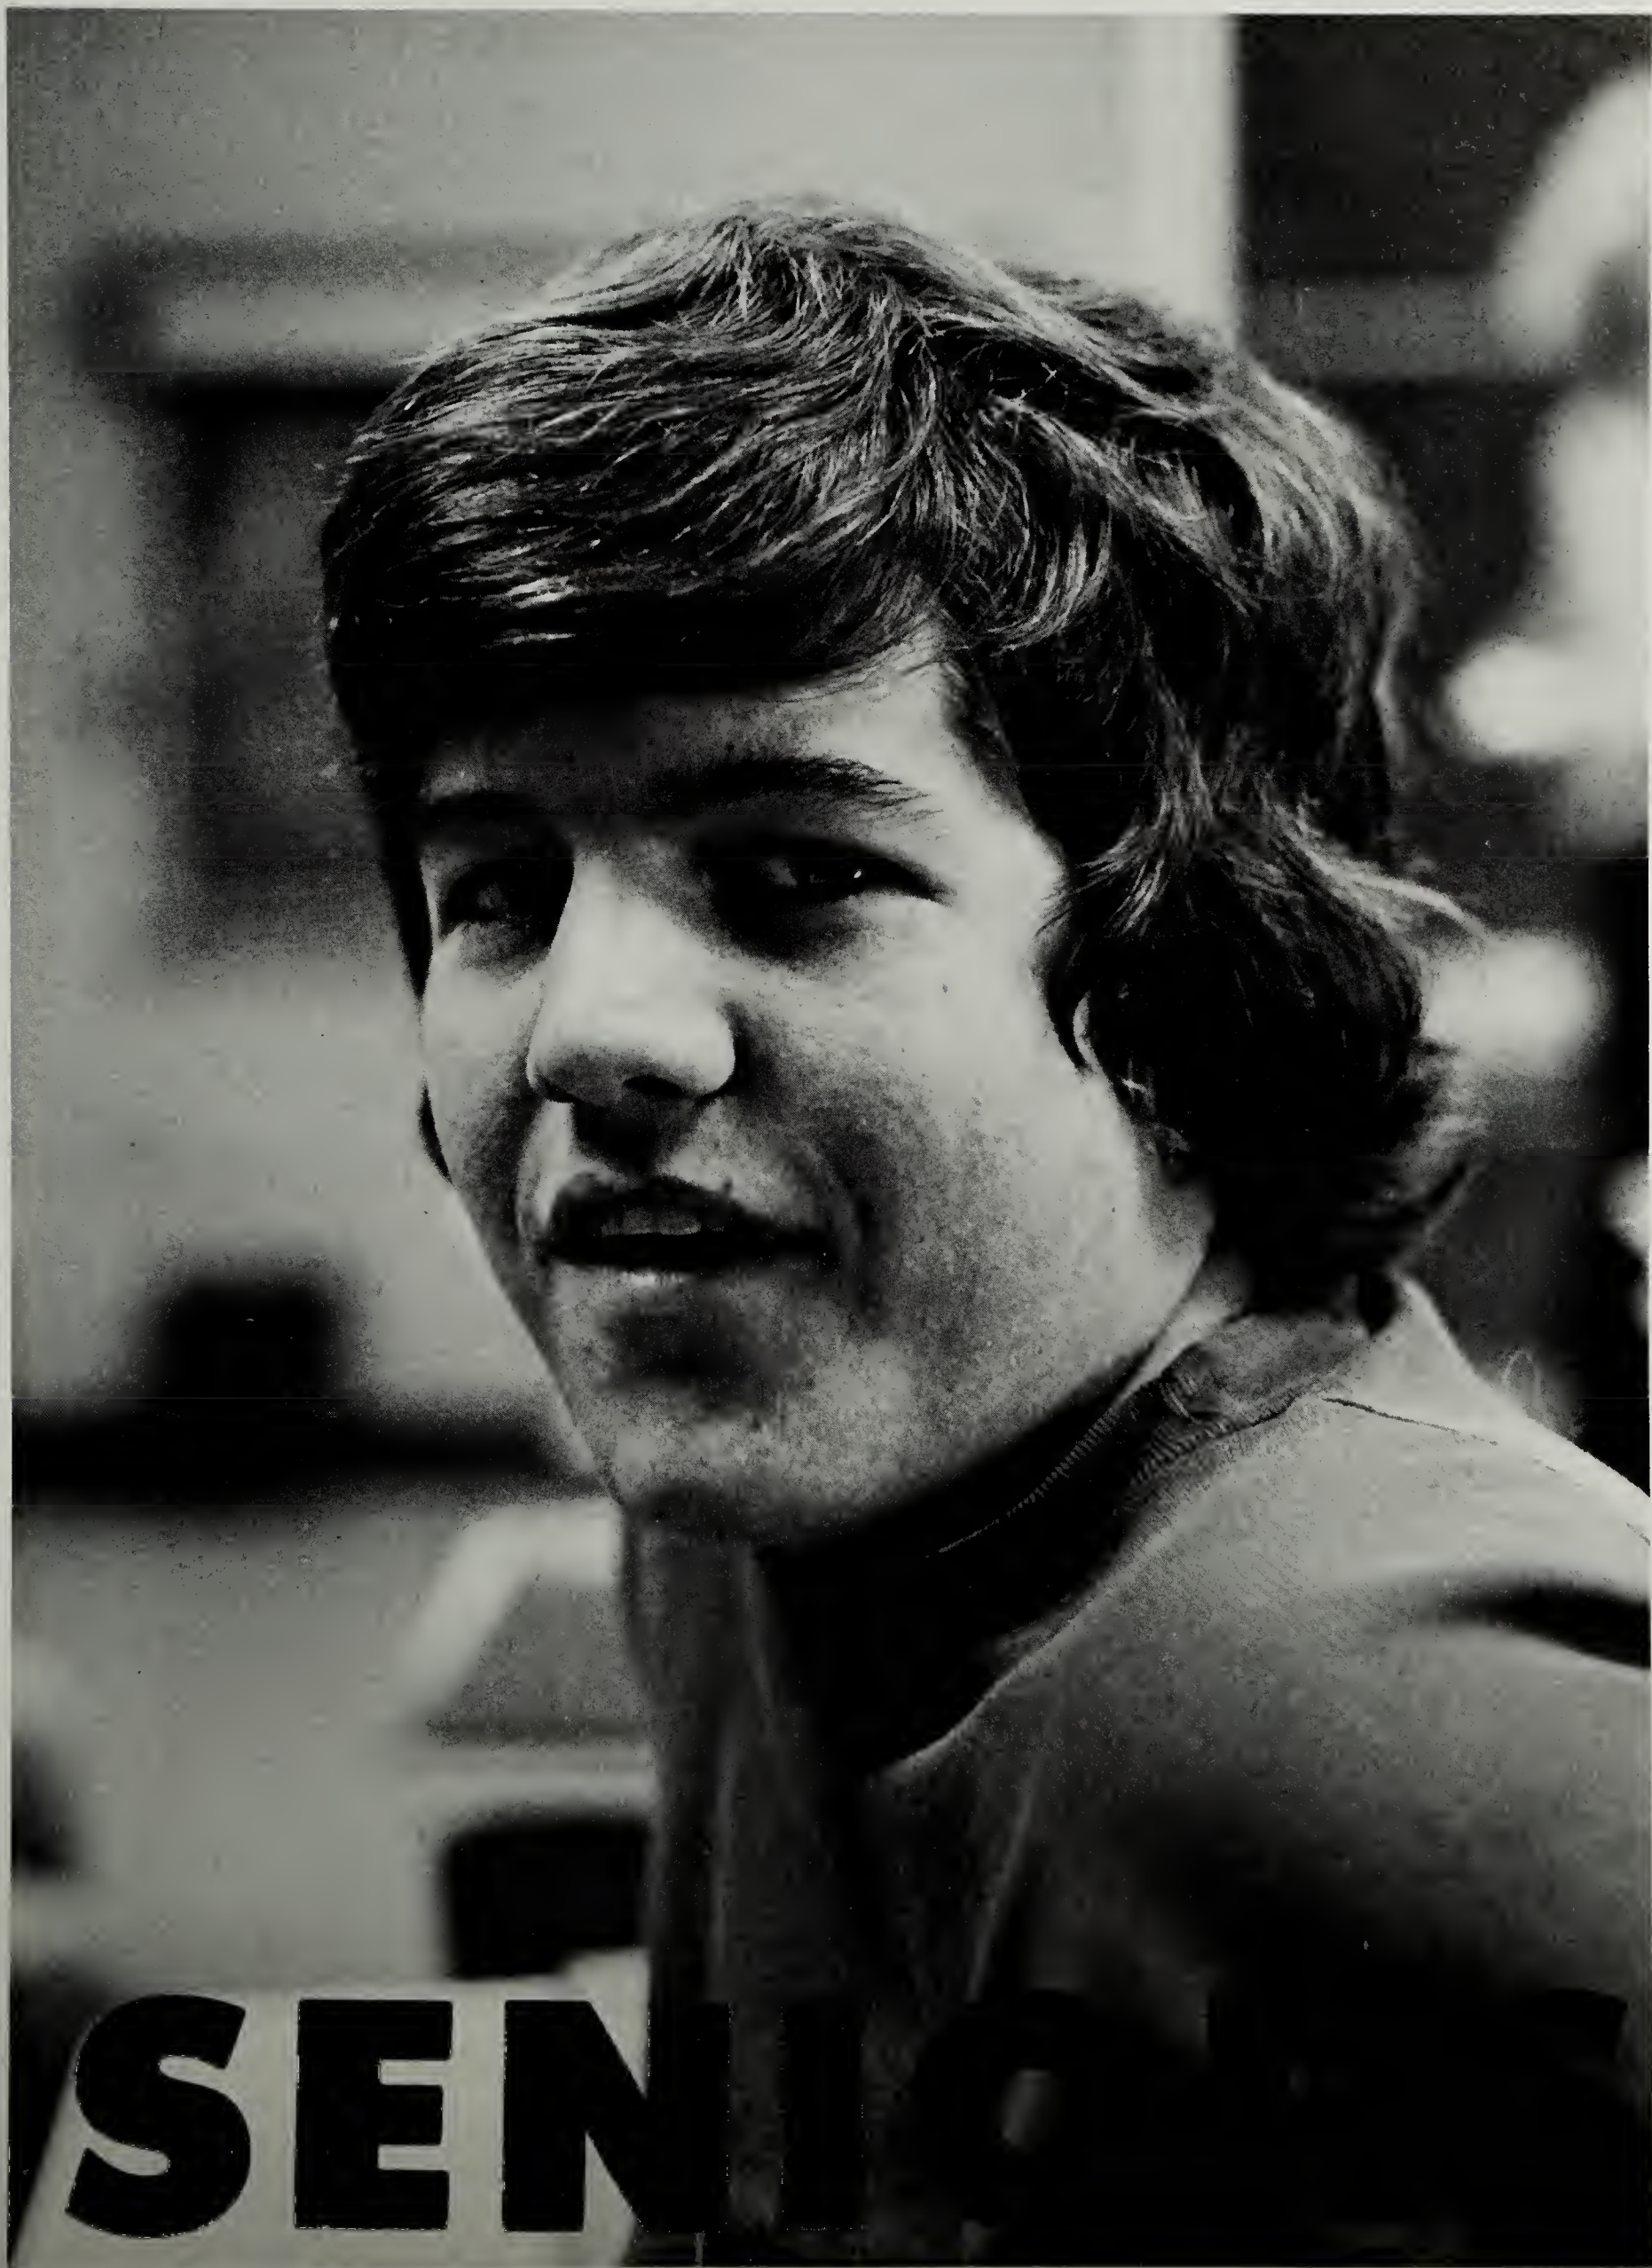

The girls did work hard and learned many new things which will help the returning players in the upcoming season. Although the coach noticed many improvements over last year, their record of 1-5-2 was less than had been expected. The girls are looking forward to next year when they will be able to use all their valuable experience to have a winning season.

The pictures depicting the life of a senior tell a story of mixed emotions. Will there be a college acceptance notice? A good job opportunity after graduation? These questions and more plague the class of '75 as the year progresses. Besides the usual feeling of anticipation, many seniors suffer from the thought of leaving their "home" at Hayfield.

Year by year many faculty members pass through Hayfield unnoticed and unappreciated. Without their concern and time students would never have attained knowledge and experience. Faculty members sponsored extra-curricular activities and fought the red tape. They taught well and on most occasions took the boredom out of the classroom.

A little bit of this, and that, and that . . .

Just as students got tired of learning, teachers got tired of teaching. Then came those glorious teacher work days. Although teachers didn't get the vacation the students did, they got a vacation from the students. Aside from working on those days, teachers enjoyed big breakfasts and often went out for big lunches. Various meetings took place and all those inevitable grade cards were completed and turned in to the A.D.P. room. Many teachers welcomed the uninterrupted peace and quiet, where accomplished work was fact not fiction.

Mr. Harless, formulating student's grades.

Oh come now, you can think of a better one then that.

All teachers faced the dilemma of grading and evaluating their students. Some found it easy, some found it hard; however, no two teachers did it exactly alike. Scale, point, and grade systems were commonly used, but teachers used them differently. Some elements involved may have been potential, behavior, participation and co-operation, whereas many teachers used only the academic work as the basis of a student's grade.

At the moment, no county policy or guidelines exist to help teachers evaluate students. To solve this problem a county committee is reviewing several grading systems to come up with a valid system for the county. At Hayfield, a majority of teachers use the 10 point grading scale; 100-90, 89-80, 79-70, 69-60, 59-0. Other systems include curved scales, extra credit work, and daily points.

# Media Center widens opportunities for students

Through the astronomy classes scale models of Apollo crafts were brought from NASA.

Unbeknown to many students the Media Center contained much more than books. Several production and audio rooms offered students space and equipment to use for audio-visual needs. The librarians encouraged all students to utilize the equipment to widen their learning experience and use their ingenuity. With the help of student volunteers, students used the darkroom, dry

mount press, camera stand, tracing table, and other equipment to make more professional and precise projects. Equipped with one of the largest collections of magazines in the county, a microfilm room benefitted many researchers. Visits to television stations brought many old television commercials to Hayfield which were useful for experimenting with film editing.

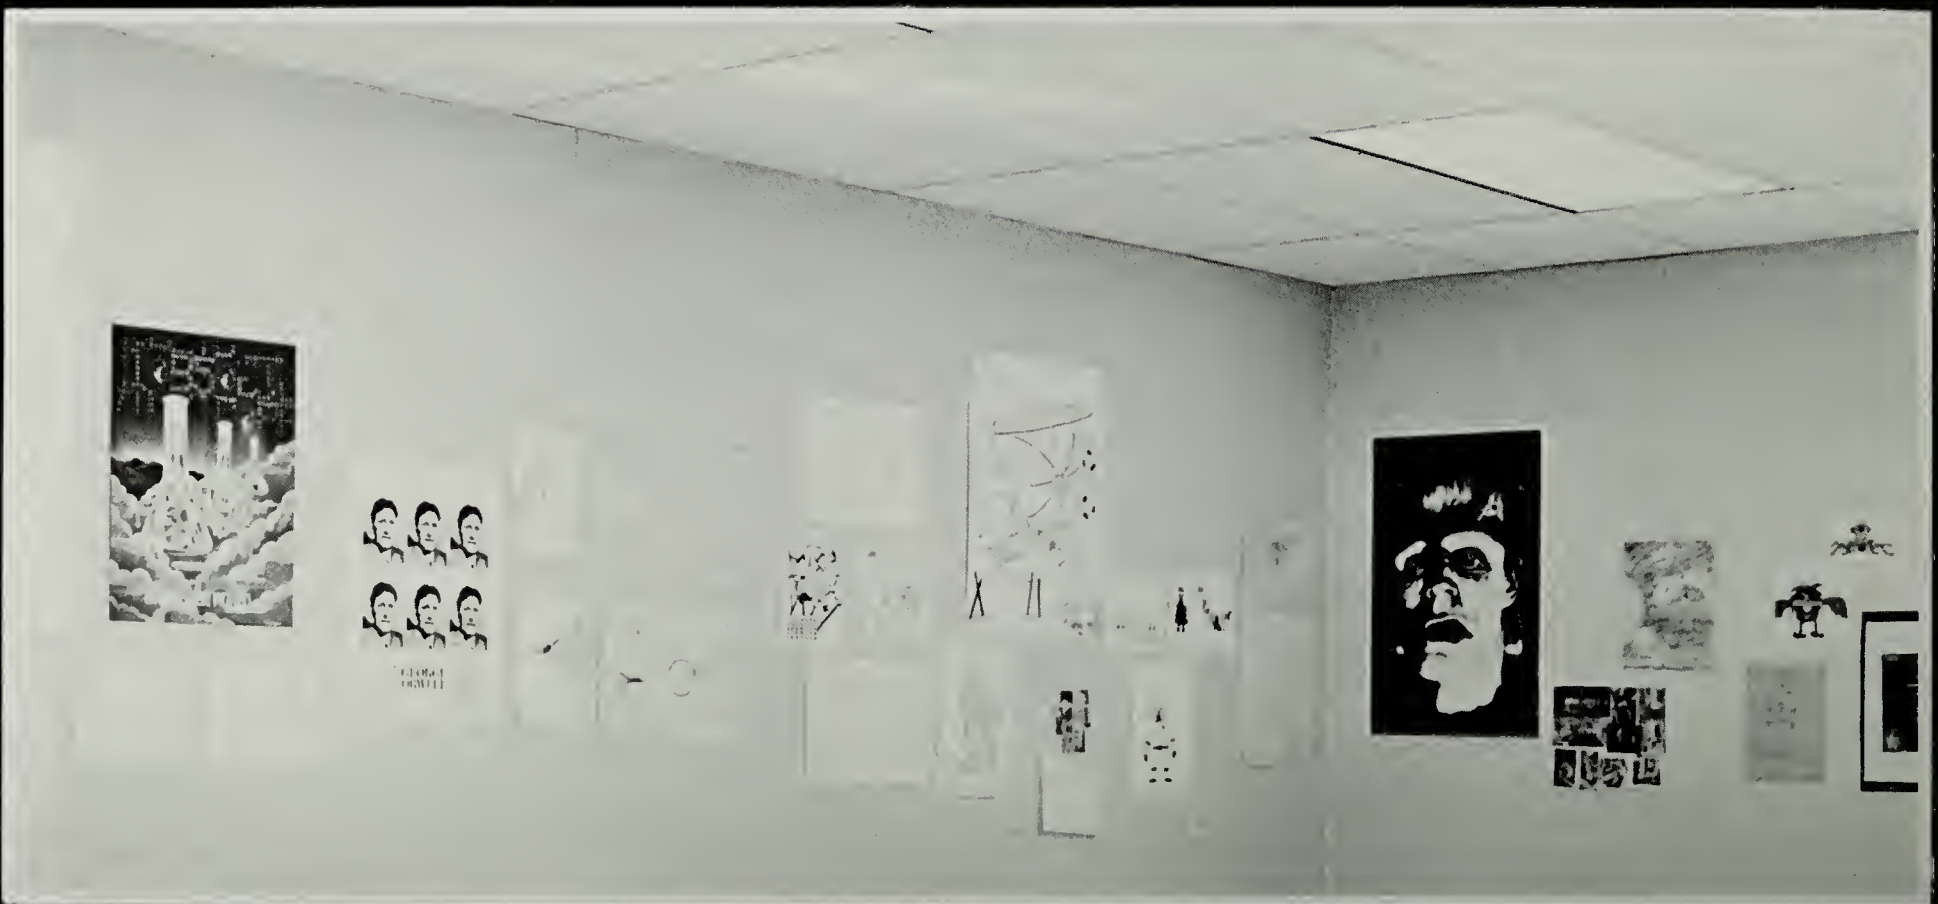

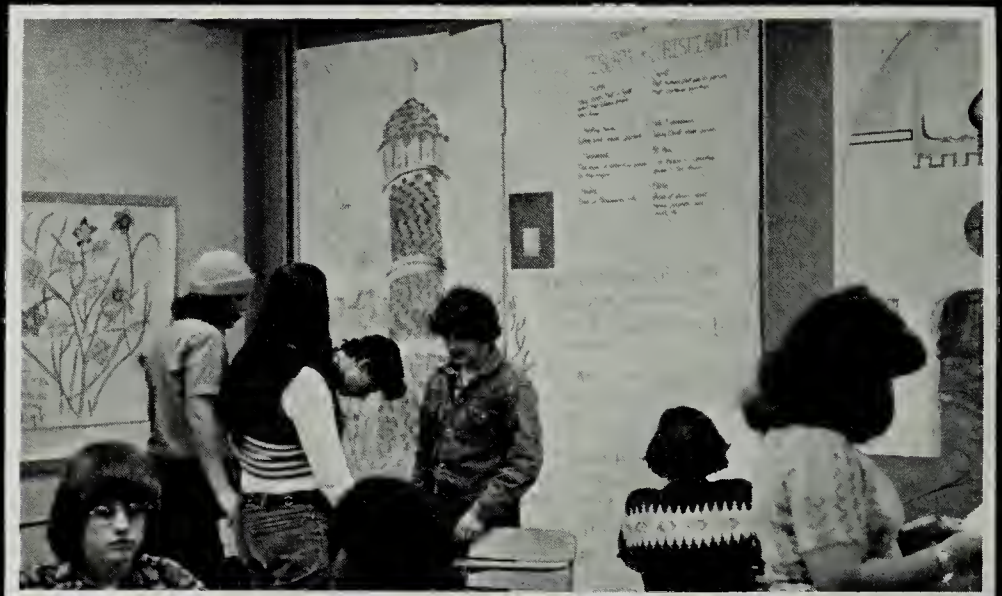

With these films students were also able to make hand drawn animated films. The Media Center wasted nothing; everything was recycled. All supplies needed for school projects were given to the students but the center sold other supplies at cost. An industrious and ever-growing Media Center strengthened the academic standing of Hayfield.

# Visual projects diversify studies

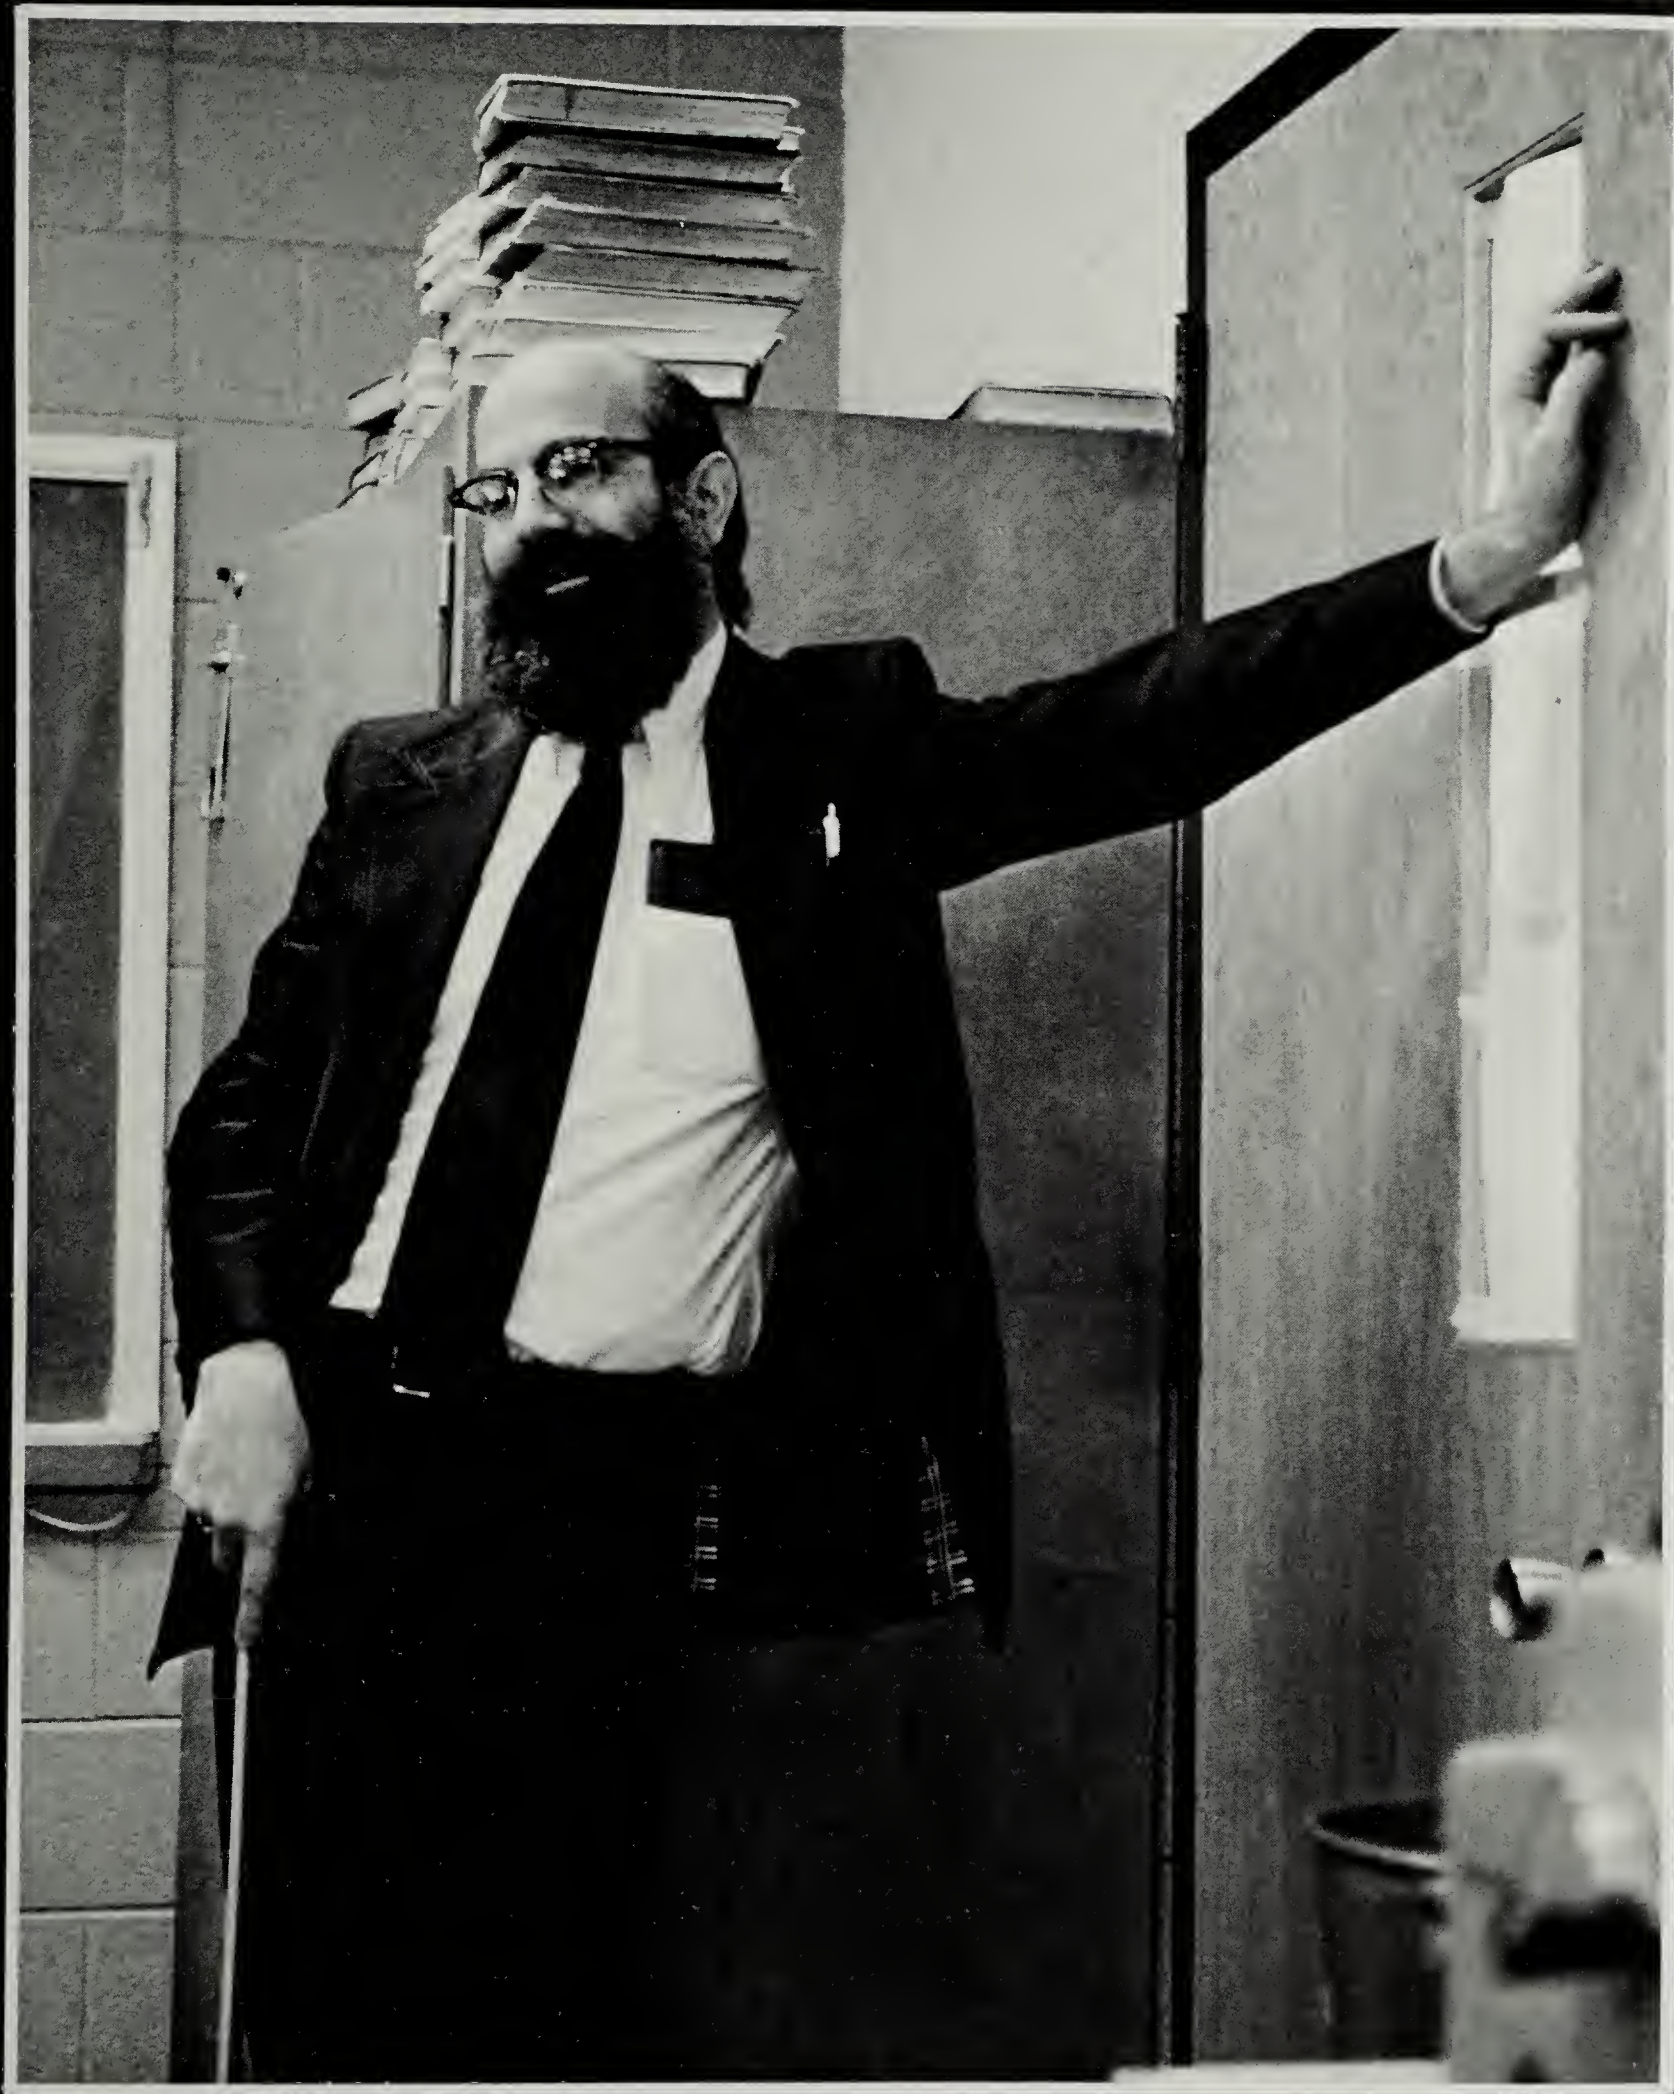

Many teachers followed the philosophy that one learns by doing. Various projects gave students added experience and knowledge. Imagination and ingenuity helped create some fantastic visual projects. Whether the projects involved drawing extraterrestrial beings for a science fiction course, organizing a crafts fair of Early American crafts, or creating Islamic and Medieval worlds, they added a bit of flavor to any course.

# Algebraic expressions computerized

Although not new at Hayfield, working with computers became a part of the Algebra II/Trigonometry course. This new involvement with computers evolved from a program training course at Colorado University last summer. Fairfax County has adopted the program as a test with hopes of its success. Within

the county, experimental and control Alg. II/Trig. classes took tests at the beginning of the year and similar tests at the end of the year to compare the progress of the two groups. When asked about the effectiveness of the course, Mr. Richard Evans said the program should be taught in a more

thorough and less rushed manner because of the limited time. Whether or not the program proves itself successful, the computer knowledge gained by the students will be invaluable to them in the future.

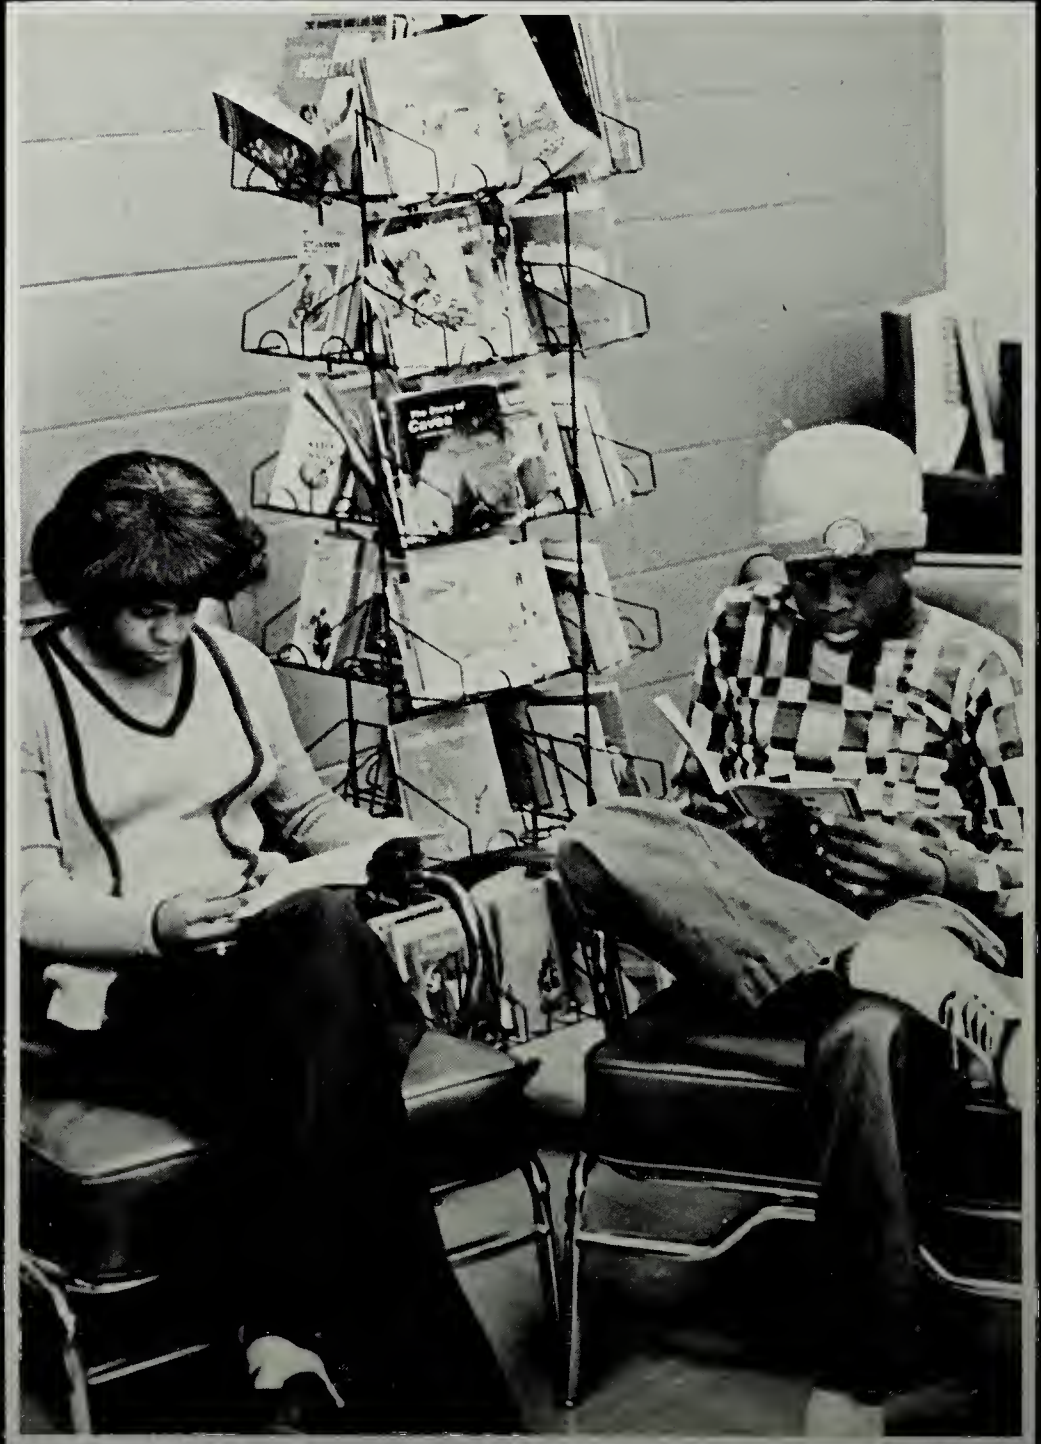

# Tutors fulfill multiple purposes

A successful tutoring program in the sociology and psychology classes fulfilled many purposes. It allowed students to help other people, while observing various stages in human learning. The program aided many teachers and gave attention to many students in need. When speaking of the program's objectives, Miss Lynn Mitchell said, "It is for students who want to learn something about individual people and personalities. It also gives students an opportunity to do something about the world."

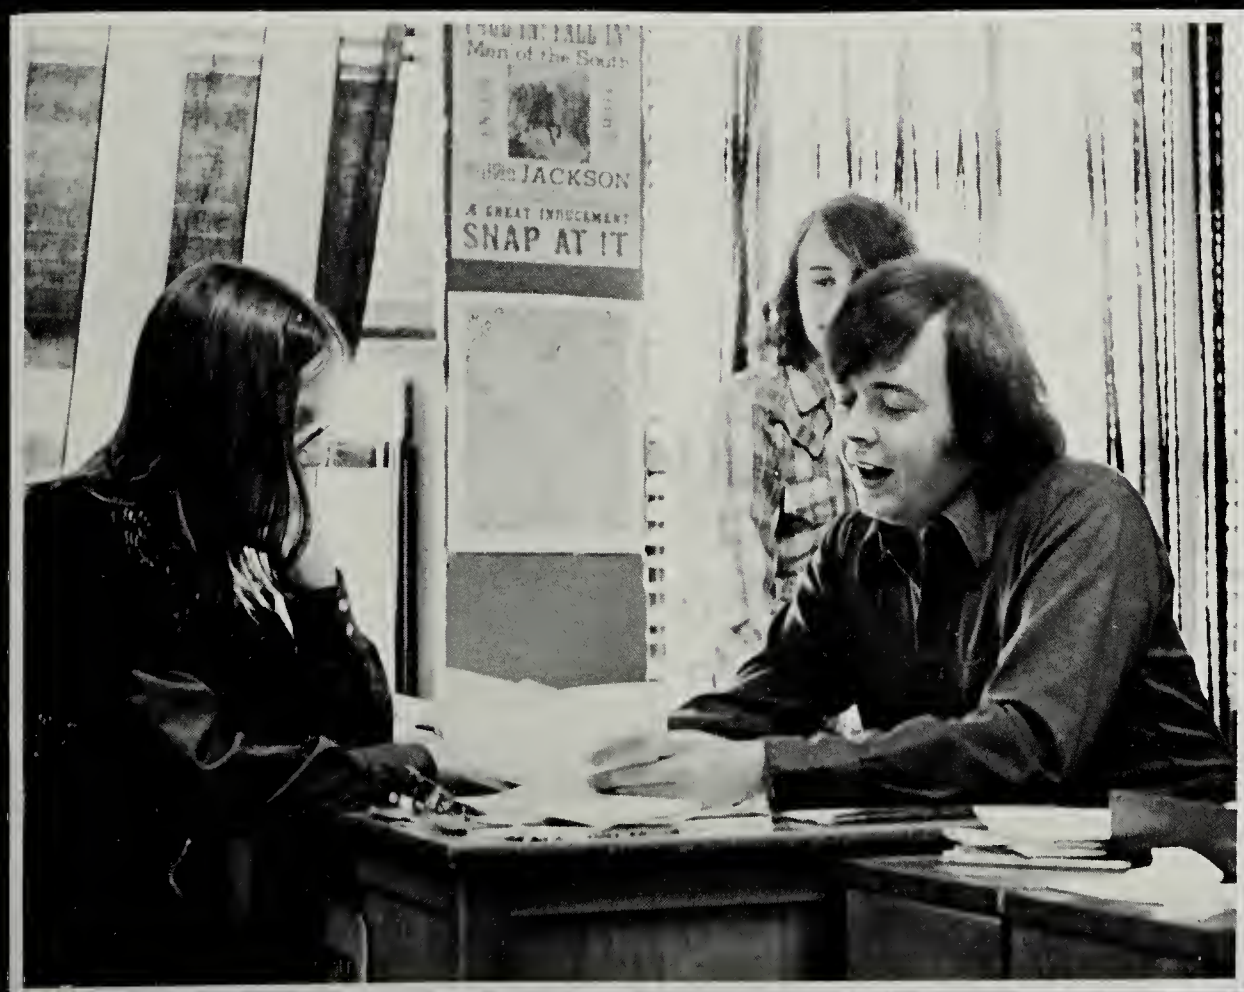

Two years ago the program began as a test program, and this year over seventy students were involved. A majority of the students liked the program and stayed involved with it the full year. More students were needed to meet all teachers' requests. Students tutored in the area of their choosing, and all efforts were made to accommodate any problems.

Teaching students to teach proves an interesting job

## English Department develops new program, again

Mr. Harris aids a student in analyzing her work.

Analyzing, applying, building sentences, choosing words, classifying, constructing, creating, defining, discriminating, editing, enjoying, evaluating, experiencing, exploring, generalizing, interpreting, listening, mastering mechanics, observing, ordering, organizing,

perceiving, reacting, recalling, recognizing, recording, relating, researching, responding, revising, sharing, synthesizing, tracing and valuing were the objectives of the English Department's new Strand Program at Hayfield.

# Sponsoring, a hassle?

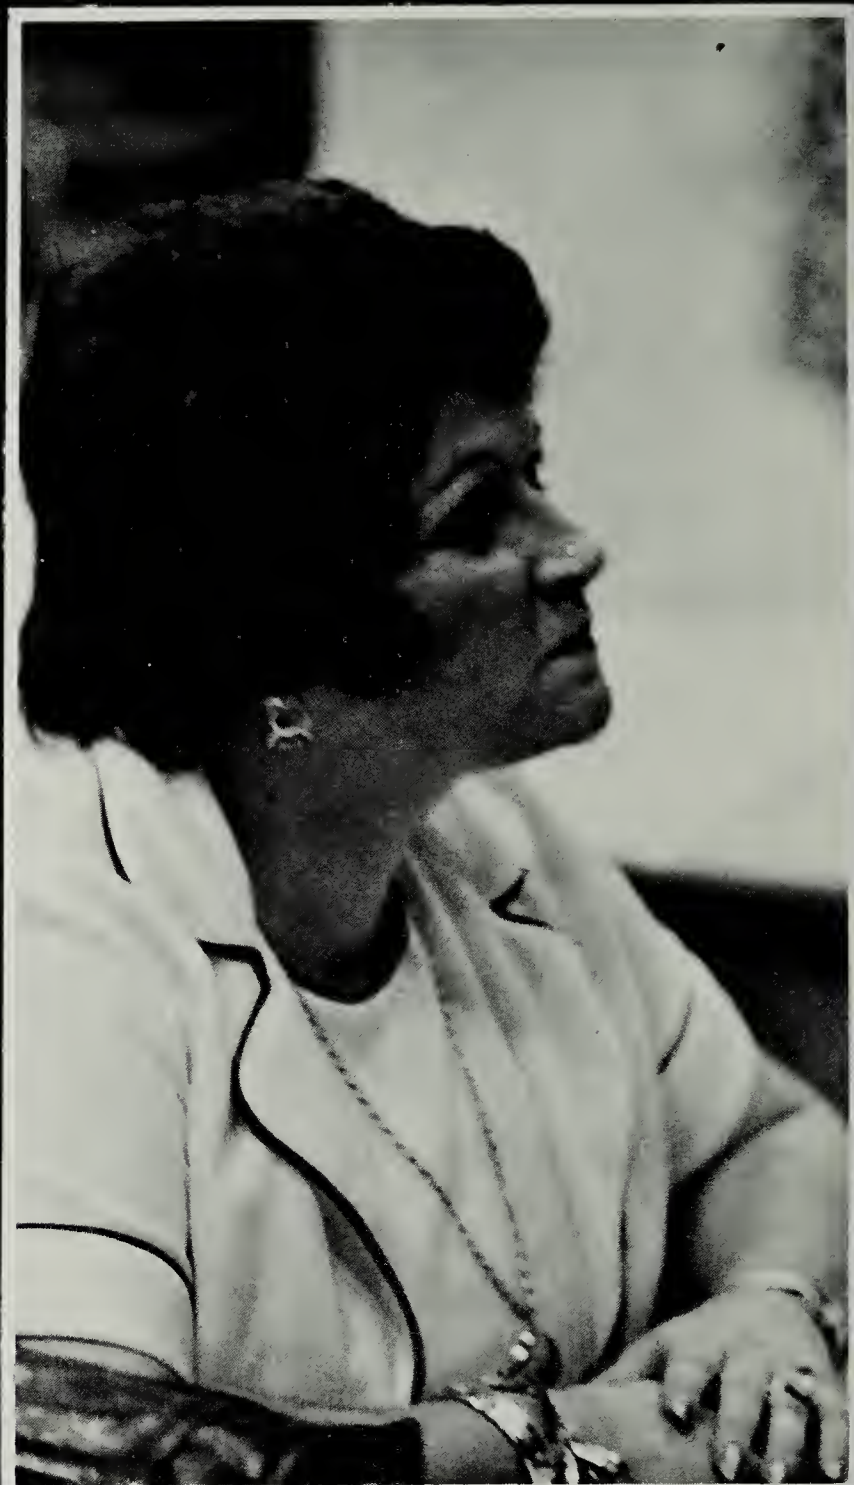

No Paul, it's not the drum that's off . . .

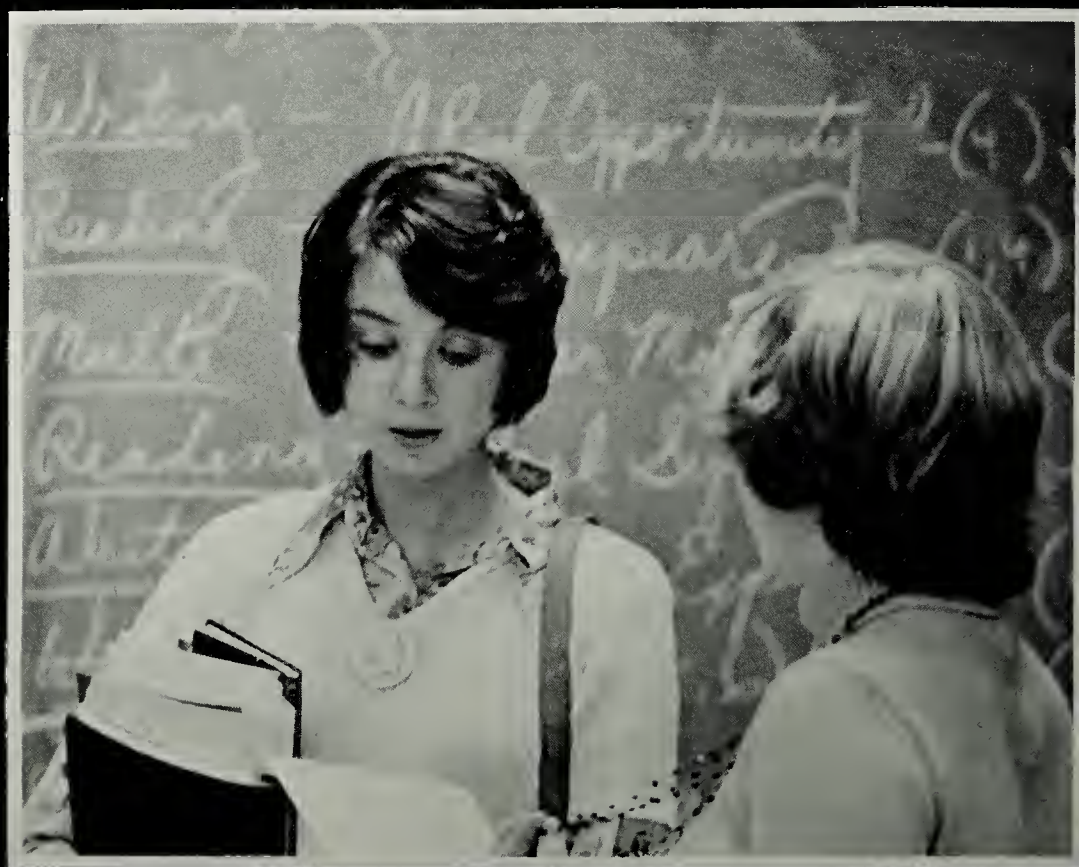

Without teachers there would be few activities at Hayfield. Although some students realize this, many don't seem to understand the problems teachers face when they take on the responsibilities of sponsorship.

The main problems faced by the sponsoring teachers asked were lack of group organization, interest, money and when needed, transportation. Despite these obstacles, many Hayfield groups were able to participate in activities held at other schools as well as their own.

In the past years different groups at Hayfield have participated in such activities as student exchange programs, the model United Nations, and even trips to foreign countries. For these activities the students have those teachers to thank who gave extra time and effort to make them possible.

Miss Coyne, out to get debaters.

Mrs. Bertini finds sponsoring takes time.

Mrs. McVey gloats over her improved scholars

## Students cram for exams

"Over a dozen students came back to me with claims of higher S.A.T. scores," said Mrs. Adele McVey, proudly referring to students who had taken her four week cram course, hoping to raise their English scores on their S.A.T.s. For seven years Mrs. McVey had been featuring after school and evening S.A.T. courses lasting approximately four weeks, in hopes of helping students before test time came. "One boy came to me with an increase of 160 points; another student's score rose over 200 points," she continued.

Because it was Mrs. McVey's last year at Hayfield, the class, traditionally for seniors only, was open to juniors. After quieting the students and reminding them that she didn't have to be there, Mrs. McVey began to lecture, give practice tests and advice on how to take them.

Mrs. McVey began these courses on her own initiative and continued them when she came to Hayfield four years ago. She found, through experimenting, that most students learned better when vocabulary words were categorized conceptually rather than alphabetically. In addition to studying vocabulary, students worked on exercises in the other areas of English covered on the S.A.T.s. Although some students complained that the cramming confused them rather than helped them, the majority felt that Mrs. McVey's course improved their scores tremendously.

Methodical skills create a mythical animal.

Creativity  
and imagination  
create  
masterpieces

Okay, just a little more expression

Melody and harmony blend in a unique combination

Tedious practice for a good show.

Knot by knot a masterpiece forms.

Excitement, happiness, and fulfillment are felt when leaving the stage after the final bow of a performance. Performances, however are not all applause. For various branches of the Fine Arts Department, hard work and long hours of practice were the main ingredients behind each concert or play. A student needs more than just a quick mind to grasp songs, scripts and choreography; to per-

form, it helps greatly to be in good physical condition. To march ten minutes carrying an instrument or to sing and dance simultaneously takes more strength than one might think. But in the end, most students agreed, the work was worth the applause.

The main support of the Music and Drama Departments are the profits from their performances. The

greater the support of these shows, the more numerous and varied they become, thus enabling more students to participate. The number and variety of these shows has increased through the years. It is hoped that with more support and participation in the following years, Hayfield's Fine Arts Department will expand further.

# Career and industrial training qualifies students for job market

Loose heads gather dust.

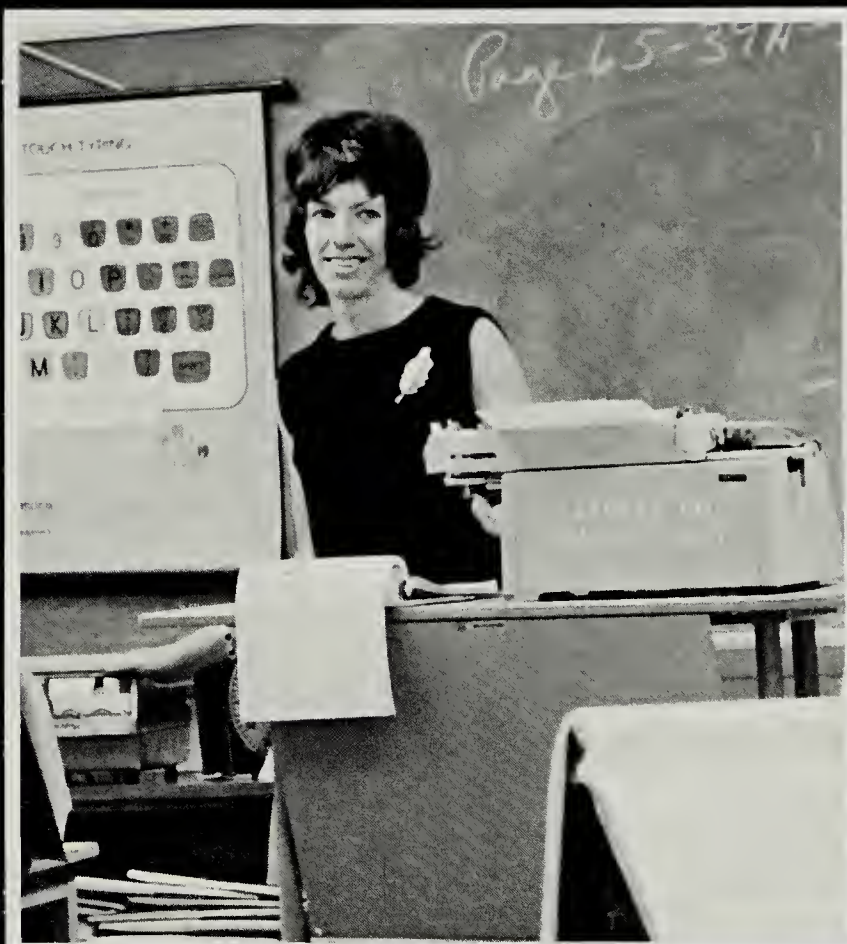

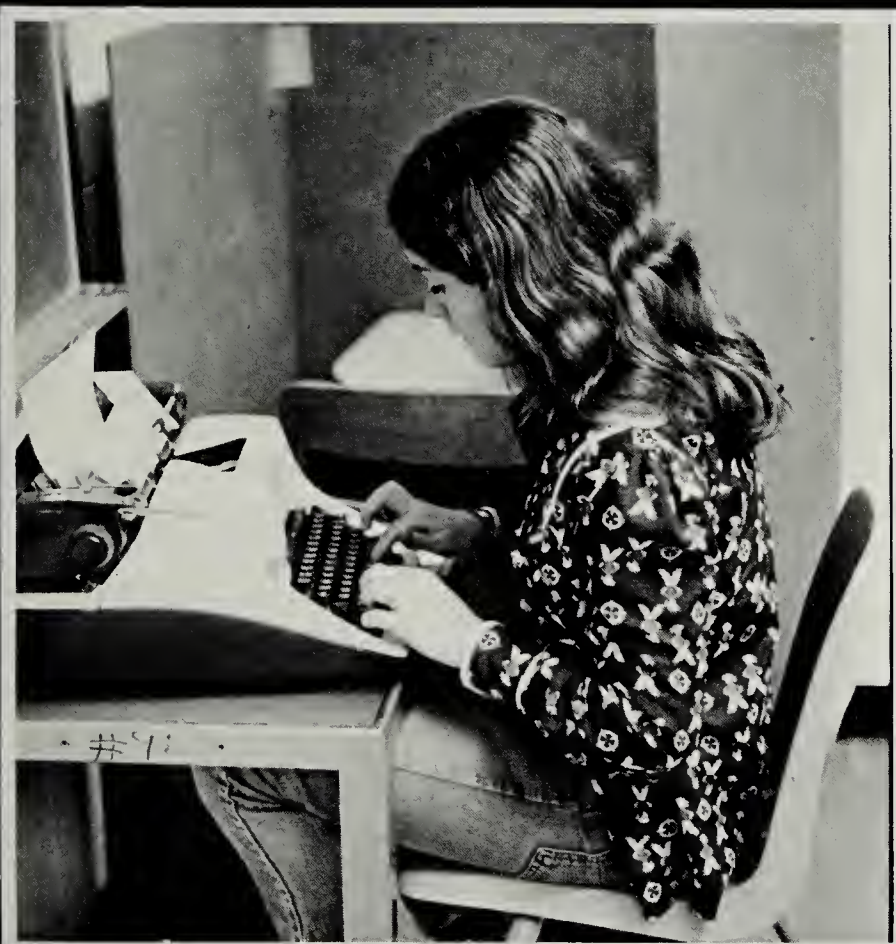

A large percentage of non-college bound students found training for skilled work in the Industrial Department. Various progressive courses allowed students to qualify for a job immediately following high school. Many college bound students found the courses useful for acquiring skills to benefit their future professions. Female involve-

ment in the department was greater than any previous year.

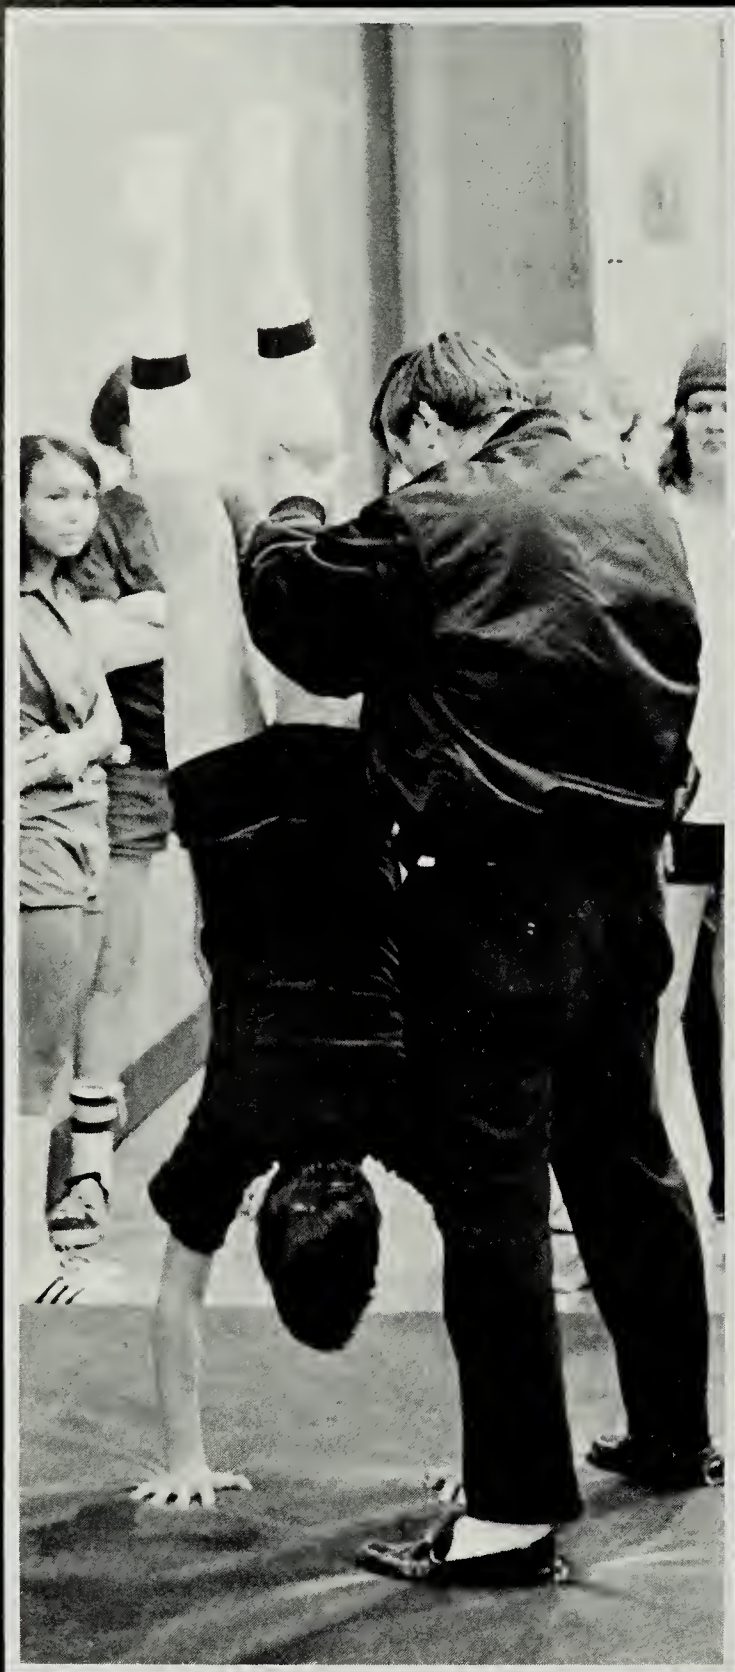

Business students also found courses available to train them for a career. Not only did the Business Department provide progressive business courses, but it also helped students find jobs. The Federal Government provided the largest

job market open to Hayfield. It is a wish of the Business Department that all students take at least one skilled course throughout high school to be able to obtain a job whenever necessary in the future. Many students who didn't, found they must return to school to learn a skill at a high cost to them.

Didn't shave today, did you?!

En Garde!

## Co-ed gym successful

The Physical Education Department has, for the past five years, featured co-ed gym. The Department also has had 4 1/2 week elective courses to give the students a chance to become acquainted with all types of activities.

Most of the gym teachers enjoyed this system, and felt there were very

few drawbacks if any. Some teachers felt, however, that it was hard to become close to the students because they changed so often, but the general feeling was that the students' numerous and varied experiences overpowered any complaints.

# Child power

For many students involved in the child care course, learning the theoretical and practical side of childhood proved applicable for the future. Some qualified students chose to use the course in acquiring a job in a day care center. The course required two full periods. During one period students examined childhood from a textbook point of view and during the second period they observed and worked with a group of 4 yr. old children. The course focused on the social, emotional, and intellectual development of children and on stages of prenatal development.

Concerned with improving the course, the school established an advisory committee. Professional persons in qualified areas such as pediatrics and psychology, child care professionals, and teachers made up the committee. The program may expand to involve a full day care center at Hayfield. A lack of male involvement in the program concerned the committee. Boys who plan on entering a profession where working with children is necessary would find the course helpful.

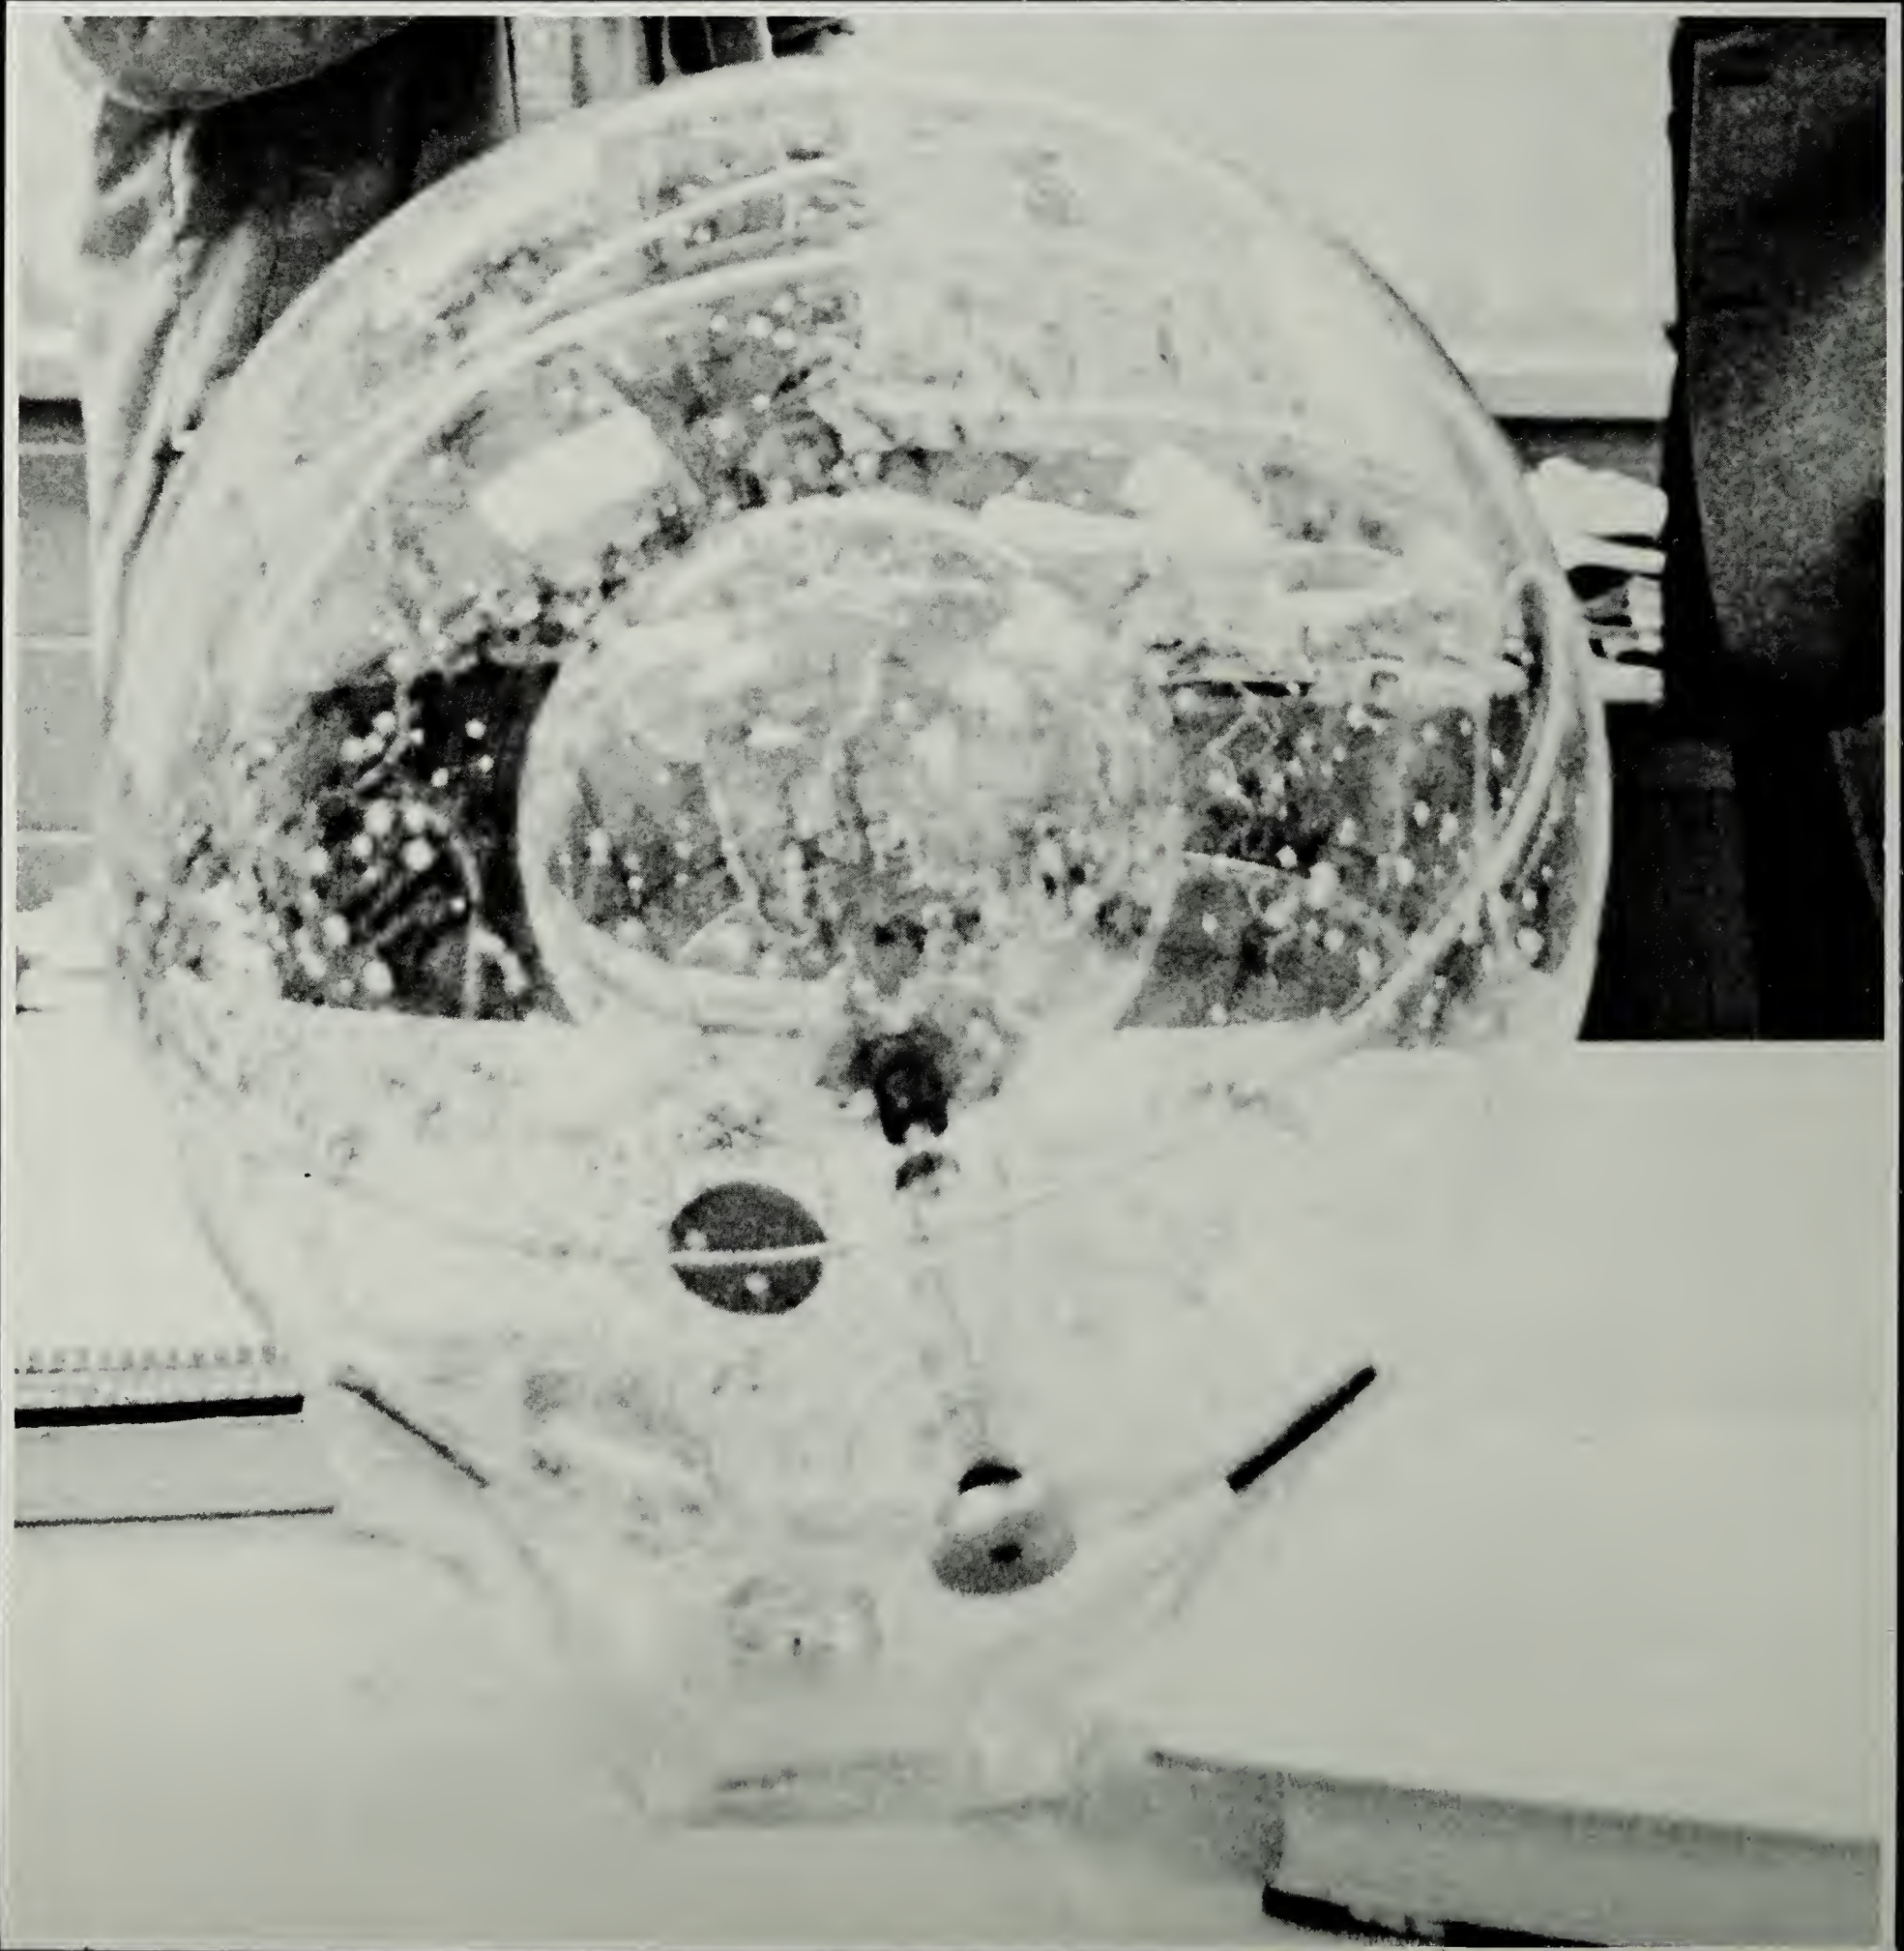

## Hayfield star struck?

Seventy-five percent of the time in use, the planetarium is used by students other than those from Hayfield. However, the planetarium is open to Hayfield students as often as teachers demand it. Usually only classes studying specific subject matter request the use of the plane-

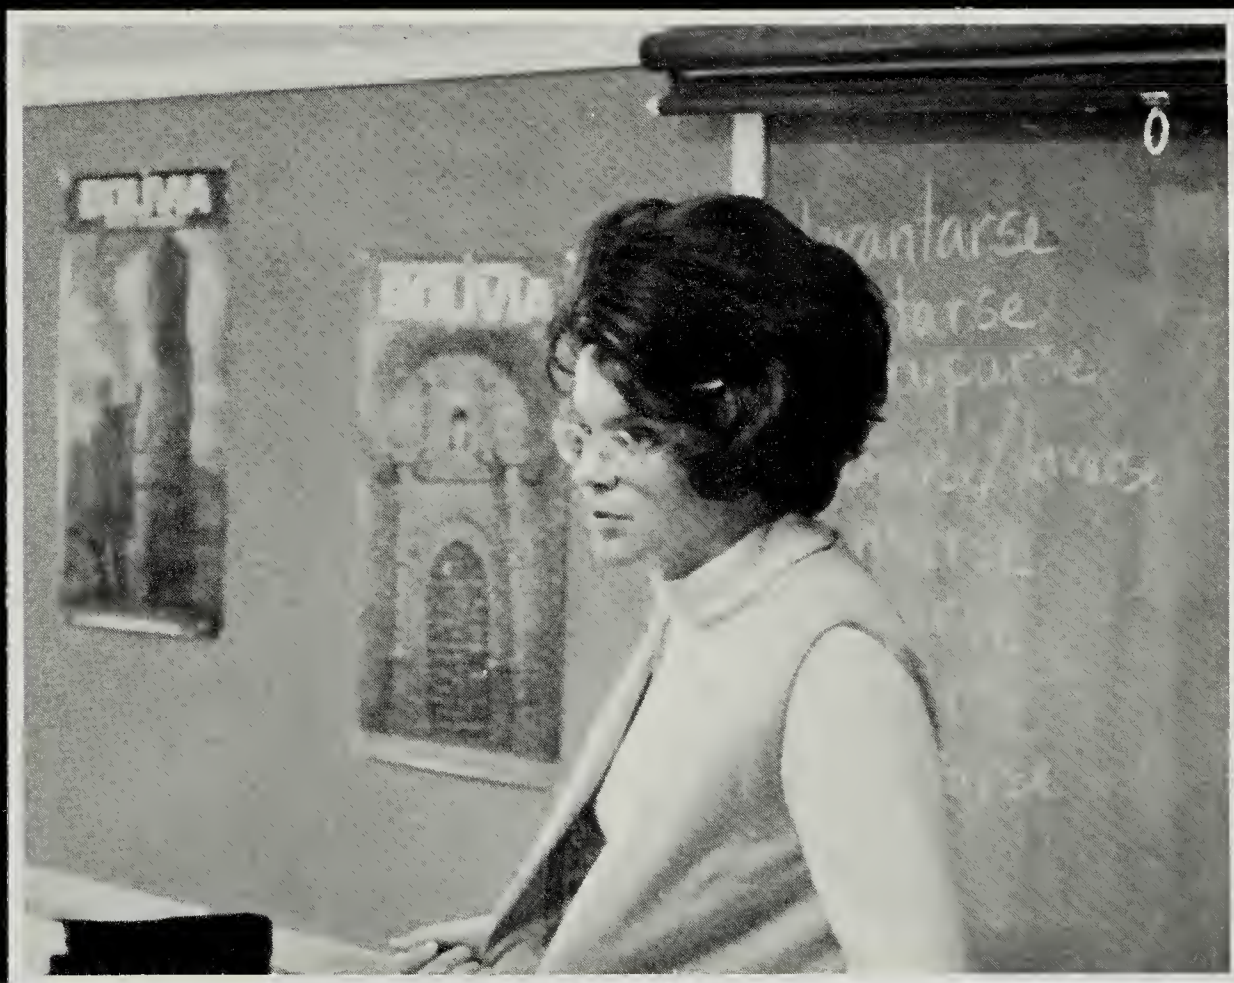

tarium, such as classes in space science or English mythology.

Each year there is an astronomy class consisting of twenty-five to thirty students. In this class students study historical astronomers, solar systems, light and chemistry

of stars, and evolution. They study little mythology, which is usually saved for visitors. Though the planetarium was not often opened for Hayfield students, most students asked said they had been there at least once.

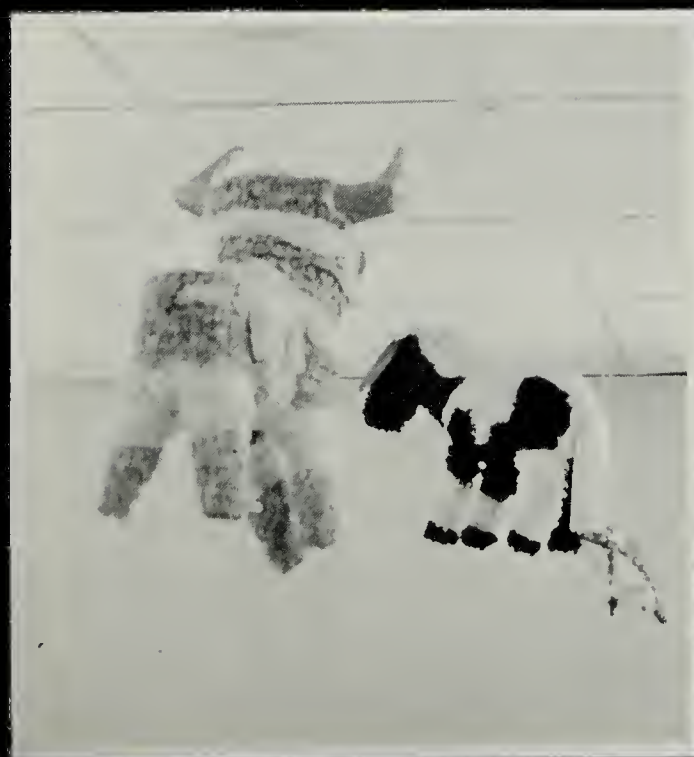

## Culture humanizes language

When students take a foreign language, they not only learn to speak it, but many times they also learn the history behind it.

In the first two years of most foreign language courses, students are taught the basics of reading and speaking the language. Then in the upper levels the history of the country, its culture and its people are also included. Many students enjoyed the interludes from grammar to take a poetry or civilizations unit.

In past years the different foreign language classes have joined together and performed for each other. The performances included skits, songs and other similar shows.

The students who were asked felt these studies of culture were an important part of the Foreign Language Department and hope it will be continued.

How's tricks from  
Maxine to Claire.  
JP and KL

We love you, DAD. (You  
were so close, and yet  
so far away.) SR and CT

There was a young boy named Dan,  
Who preferred the orchestra to band,  
He played his cello,  
So sweet and mellow,  
We let him become head man.

School is good for  
your health; it makes  
you feel so good to  
get out. MP and AM

Old yearbook sponsors  
never die, they just  
lose their buylines  
Mr. Rizzo

Don't get between a rock and a hard place;  
the difficulties of life are intended to  
make us better, not bitter.

Wrestlers are wonderful, especially 145. JC	Ya got the huh's? KS
I'd rather be a hammer than a nail. '75'	
Eight inches! Perry, you've got to be kidding! Love, Carlene.	1975 Yah!
Chris: Don't forget "Summer of '74" and Rob and Wally. Vicky	Richard, GMU
	PHD: Vale! Jack and Al
Good bye, Hayfield. Sigh!	To PHD: Thanks! ARN
Eat a buger! CB and LH	The members of "It's Academic," Hayfield's television quiz experts, congratulate the <b>1975 Harvester</b> Staff.
Class of '78 is the best! KO and MM

Notable contributions have been made by several unrecognized persons, to whom at this point are given much appreciation and high commendation:

The talented Ken Marlow contributed many pieces of artwork displayed throughout the book.

Through their busy schedule of academic courses, David Carter and Chris Wassenberg took a numerous amount of candids during school and at sports events.

Dodging Corvettes, football players, and fans, Mr. Herbert Lelansky took the many pictures of the 1975 Homecoming football game and Homecoming court.

MacIntyre Studio was the official photographer of the 1975 Senior Class and Hayfield's faculty.

Underclassmen were photographed by Delmar Studios.

Howard and Ruth Marler worked long hours developing and printing film which was needed to meet yearbook deadlines.

Josten's/American Yearbook Company was publisher of the **1975 Harvester**; and the company representative, Neill Watson III, helped guide us toward the proper techniques in producing this book.

Yet most important of all are the students and faculty at Hayfield. Without them there would be no yearbook. Their support and interest in this seventh volume of the **Harvester** have encouraged the staff to produce this pictorial memoir.

Much goes into the makings of a yearbook, and the 1975 **Harvester** is no exception. The yearbook itself should be dedicated to those people who spent many long hours planning, typing, cropping, and supervising the yearbook. There are a few people who have been especially helpful and I would like to thank them:

Mrs. Virginia Thomason, for her unlimited patience with all my problems and questions.

Alice Nelson, for the never-ending assistance, guidance, and support she has given the entire staff.

Don Doering, Susan Rose, and my Big Brother, for all their encouragement and help on the Senior Section.

The 1975 **Harvester** Staff, for doing their work (sometimes!) and for being my friends.

Stuart Herder, for providing the pictures used on this page. And

Mrs. Bertini and Mrs. Nedelman, for their constant patience, dedication, incentive, and supervision. They put up with an awful lot—I leave them a hopeful wish for a good staff and better editors next year. (Also a referee's outfit and matching whistle.)

Good luck and thanks for the memories—

So a really  
 nice guy who  
 can be mean when  
 he wants to. Remember  
 our English classes (we were in  
 4 together)  
 Have fun in the  
 summer
